Re: Notice of Ex Parte Contact
PR Docket No. 93-61

Dear Mr. Caton:

Pursuant to Section 1.1206 of the Commission's Rules, notice is hereby given of an ex parte communication regarding the above-referenced proceeding. The instant notice is being submitted in duplicate.

On December 19, 1994, I telephoned Rosalind K. Allen, Acting Chief of the Commercial Radio Division, and F. Ronald Netro, Assistant Engineer of the Wireless Telecommunications Bureau, to discuss various matters relating to the issues in this proceeding. The specific purpose of those communications was to make clear that MobileVision does not support the adoption of the Interim Rules as Final rules since such an action by the Commission would not, without extensive "clarifications," resolve the central issues that have been the subject of comments in this rulemaking proceeding for the past two years. Rather, MobileVision urges the Commission to adopt the band plan developed by the then Private Radio Bureau under consideration since August of this year providing for exclusive licensing and operation in bands reserved for wideband multilateration LMS service (with minor technical changes previously provided to the Commission staff by MobileVision and Airtouch Teletrac) together with provisions for interconnected services and a transition period prior to auctioning consistent with MobileVision's prior ex parte filings.
