DOCKET FILE COPY ORIGINAL

Dear Mr. Secretary:

The Interagency Committee on Search and Rescue respectfully requests an extension of time in which to file reply comments in relation to the Notice of Proposed Rulemaking in CG Docket No. 94-102, Revision of the Commission's rules to ensure compatibility with enhanced 911 emergency calling systems.

There are many issues addressed by commenters which will require substantial time to review. To allow sufficient time for the Committee to solicit input from our members and prepare unified reply comments, additional time is needed.

Therefore, we are requesting that the FCC grant a 30-day extension to the current reply comment deadline.

Sincerely,

G. M. PENNINGTON
Rear Admiral, U. S. Coast Guard
Chairman, Interagency Committee on
Search and Rescue
