Re: PR Docket No. 89-553, 93-144 and GN Docket No. 93-252  
Ex parte Presentation

Dear Mr. Secretary:

The letter reports that Steven T. Apicella, Vice President of RAM Mobile Data USA Limited Partnership, and the undersigned met today with David Furth, Deputy Chief, Legal, Commercial Radio Division, Wireless Telecommunications Bureau, and Thomas Dombrowsky, Wireless Telecommunications Bureau, to discuss issues relating to future technical and auction rules for the 900 MHz specialized mobile radio service. In particular, we discussed the need to allow existing systems the flexibility to add and modify sites as long as the 22 dbu contours of new sites fall within the aggregate 22 dbu contours of sites licensed or subject to application as of August 9, 1994.

If there are any questions in this regard, please contact the undersigned.

Respectfully submitted,

  
Jonathan L. Wiener  
Attorney for  
RAM Mobile Data USA Limited Partnership
