RE: ET Docket No. 93-7, Ex Parte Presentation

Dear Mr. Caton:

On Wednesday, April 5, 1995, Quincy Rodgers of General Instrument Corporation (GI) and Jeffrey Krauss, consultant to GI, met with Saul Shapiro of the Mass Media Bureau and Mark Corbitt of the Office of Plans and Policy.

The discussion included the freeze of infra-red codes that was imposed in the above-referenced proceeding, and which is the subject of several petitions for reconsideration in the proceeding. GI's views are reflected in its petition and ex parte filings that were submitted previously.

Sincerely,

Quincy Rodgers
