OWNERSHIP STRUCTURE OF PRAISE MEDIA, INC.

On March 19, 1992, Praise was incorporated in the state of Texas. Initially, Eugene Washington was President, Ray Lee Williams was Vice-President, and Janet Washington was Treasurer. Although the company never issued any stock certificates, the planned ownership structure was, initially, for Mr. Washington to own 60 percent of the corporation, Ms. Washington to own 15 percent, and Mr. Williams had the option of obtaining a 25 percent share by contributing cash or allowing the station to retain his commission for any ad sales he made. Mr. Williams never contributed under either option, and he is no longer considered a shareholder of Praise Media, Inc. Mr. Williams was voted out of his position as Vice-President in December of 1992. No one other than Janet Washington and Eugene Washington has contributed money or other consideration to Praise as equity capital.

At present, Ms. Washington is the only active owner, officer or director of Praise, Mr. Washington having given her power of attorney due to his incarceration on drug charges in Chicago. (Case No. 94CR339-1, U.S. District Court for the Northern District of Illinois.) Mr. Washington is being formally removed as an officer and director and any equity ownership interest he has in Praise is being transferred to Ms. Washington.

For the first six months of the station's operation under Praise Media, Inc.'s ownership, Mr. Williams served as General Manager. Mr. Washington, although living in Chicago, would make extended visits to the station and insisted upon making all important decisions regarding the station's operation. After deciding that Mr. Williams was not qualified for the position and discovering that he had converted station funds to his own use, Mr.

PRAISE EXHIBIT 3

Williams was removed as General Manager. Ms. Washington began to serve in that capacity in late August 1992, a position she has retained to this date. Since that time Ms. Washington has made all decisions relevant to the station's day-to-day operations, including personnel, programming, sales, etc. Ms. Washington was also responsible for paying the station's bills, as well as generally overseeing the station's operations.

RESPONSE TO FCC CORRESPONDENCE

On September 9, 1992, the Commission sent a letter to KARW to ascertain the identity of the persons operating the station in order determine whether an unauthorized transfer of control had occurred. The letter also requested information concerning the apparent rule violations observed by the Commission's staff during its inspection of the station. This information concerned the station's public file, operating logs, tower painting and Emergency Broadcast System equipment. *Hearing Designation Order and Notice of Forfeiture*, 8 FCC Rcd 7591 (1993) ("*HDO*"). A ruined brick building on the property near the station's tower also needed to be demolished. On September 23, 1992, the Commission notified KARW via letter that the renewal application was incomplete, and requested a corrective response. Having received no response to the September 9, 1992, letter, the Commission again wrote to the station on December 3, 1992, to request a response to the letter of September 9, 1992, and to remind the station that failure to respond could result in administrative sanctions.

When Ms. Washington received the FCC letter of September 9, 1992, she initially took no action on it because it was addressed to Mr. Ferrell and Pine Tree Media, Inc., and apparently related to time period when American Plastic Products, Inc., operated the station. She placed the letter in the station's files. Mr. Jim Shook of the FCC's staff called the station to inquire as to why no response had been returned to the FCC. Ms. Washington informed him that she did not think the letter applied to her, and that she had no information regarding the operation of the station under Mr. Ferrell or American Plastic Products, Inc. Mr. Shook said that the questions needed to be answered and that if the requested information was not readily

PRAISE EXHIBIT 4

available, she needed to do research to find it. Ms. Washington made every effort to contact Mr. Murray and Mr. Ferrell, who apparently were involved in the operation of KARW under American Plastics. She could not locate Mr. Ferrell, and Mr. Murray would not discuss the matter. ~~Ms. Washington believed that Mr. Williams would have some information regarding American Plastics, but he also would not discuss the matter with Ms. Washington, because of her concerns with his handling of the station's revenues.~~ Ms. Washington called Mr. Washington to explain the situation. ~~Mr. Washington was not inclined to take the matter seriously until he~~ spoke directly with Mr. Shook and Ms. Washington in a conference call. After the conference call, Mr. Washington told Ms. Washington that he would obtain the information regarding American Plastics and Ms. Washington should gather any information as to the other questions. ~~Mr. Washington thought that Mr. Williams would be more likely to discuss American Plastics with him.~~ He also asked that Ms. Washington forward future correspondence from the FCC to him in Chicago. From that time on, when Ms. Washington received a letter from the FCC, she would send it on to Mr. Washington without review.

After her initial phone conversation with Mr. Shook, Ms. Washington spoke with him on several occasions to discuss their progress in gathering information. Finally, Ms. Washington informed Mr. Shook that some information simply could not be located. Mr. Shook told her that he needed the information by the next day, and that the information should be submitted in typewritten form. She hurriedly prepared a response to the questions by hand based on the information available to her, and gave it to her secretary to type, along with the supporting information. Ms. Washington intended that a cover letter would accompany the

PRAISE EXHIBIT 4

response, but it was mailed by her secretary to Mr. Shook without a covering letter. In light of her many conversations with Mr. Shook, Ms. Washington assumed that he would know who sent the response.

Because the January 26, 1993 response did not answer all of the Commission's questions and was not signed, the Commission sent the station a final letter on February 10, 1993, enclosing the previous three letters and seeking clarification of some of the information in the January 26, 1993, response, as well as requesting additional information.

Mr. Shook and Ms. Washington spoke several times after the January 26, 1993, response was submitted. He stated that the response did not cover all the questions. Ms. Washington replied that the response submitted included all the information available to her. Ms. Washington and Mr. Shook spoke at length, and it was her understanding that any required clarification of her January 26, 1993, response was covered during that conversation. Mr. Shook indicated that if she had no further information, a hearing would probably be required. He asked that Ms. Washington forward to the FCC any relevant information she found in the future.

COMPLIANCE WITH COMMISSION RULES

At the time Praise Media, Inc. ("Praise") negotiated and closed on the purchase of station KARW on February 10, 1992, the principals of Praise were made aware of the results of the inspection conducted by the FCC staff and the rule compliance items which needed to be corrected. *HDO*, 8 FCC Rcd 7951. Following Praise's purchase of the station the following improvements/corrections were made by Praise and at its expense: KARW's tower was painted in April of 1992; a new Emergency Broadcast System was purchased and installed in November of 1992; the ruined brick building was demolished; and the station's transmitter power has been monitored and regulated since February 1992. In addition, the transmitter logs and public reference file are up-to-date.

Due to the cloud over the station's license, Praise has had difficulty obtaining the financing necessary to make needed improvements and obtain access to network programming, as well as expanding and improving its staff situation. Nevertheless, even with its extremely limited resources and inexperienced management, Praise has tried to provide a unique radio service. As the only minority-owned station in Longview, Praise is unique in that sense, and since purchasing the station, Praise has broadcast a Rhythm and Blues/Gospel format targeted to its minority audience (demographically, the station is targeted to the 30-55 age group). Gospel is broadcast Monday-Friday from 12-6 am and all day Sunday. The station's slogan has been "KARW AM 1280 - The Voice of the Black Community - Committed to Caring and Willing to Serve." Programming targeted to Longview's growing Hispanic community is broadcast (in Spanish and English) from 10 - 3 on Saturday. Public affairs programming

PRAISE EXHIBIT 5

includes several church-service broadcasts by local congregations as well as public service announcements and other programming.

Praise is particularly proud of its efforts to be a positive force in the community. For example, when Longview High School students wanted access to the high school auditorium during Black History Month for plays and programs, KARW sponsored a show to achieve a dialogue among students, teachers, parents and School Board Members. As a result of the discussions begun during that program, the interested parties were able to reach an agreement to make the school's facilities available.

FILING OF RENEWAL APPLICATION

~~According~~ to the Commission's records, on August 17, 1990, an application to renew the license for KARW(AM) was filed. See Praise Exhibit 6, Attachment A, KARW's renewal application as taken from the Commission's files. The applicant was identified as "KLGV - Ken Tuck - Pine Tree Media, Inc."³ The application was signed by "Robert D. [or Dub] Murray" who was identified on the form as "General Manager" ~~of the station.~~

Neither Praise Media, Inc., nor Mr. or Ms. Washington were involved with the station at the time the renewal application was filed. Mr. Williams may have had a show on the station at that time, but he was not involved in station management. Attempts to contact Mr. Murray to respond to the FCC's letters of inquiry were met with hostility and a complete lack of any effort to cooperate in providing any information to the Commission regarding this matter. Mr. Murray has never been associated with Praise Media, Inc.

³ KLGV was the call sign of KARW(AM) at the time the renewal application was filed.
