Washington, D.C. 20554

DOCKET FILE COPY ORIGINAL

Secretary:

I oppose Petition RM - 8577 by The Cellular
Telecommunications Industry Association to the Federal
Communications Commission to eliminate state and local
controls over the siting and construction of cellular
telephone towers and antennas.

This petition strikes at the heart of the power of our
municipalities and our state to develop zoning rules that
will protect the environment and public health.

Sincerely,

No. of Copies rec'd
