6.2 SERVICE DESCRIPTIONS (Continued)

6.2.18 Preferred Number Service (Continued)

B. General Regulations (Continued)

8. A residential directory listing, either the subscriber's current residence local exchange number or the subscriber's Preferred Number Service (PNS) number in the same local exchange, is provided to the PNS subscriber at no additional charge. If the customer wants both numbers to be listed, an additional listing may be obtained at the appropriate rates outlined in the Directory Listing section of this tariff. If the customer wants a non-published or non-listed telephone number, the appropriate charges as outlined in the Directory Listing section of this tariff are applicable to the subscriber's current Telephone Company residence exchange number.
9. Rules and regulations pertaining to the application of residence service are the same in conjunction with Preferred Number Service as with other exchange services. See the Rules and Regulations Applying to All Customers' Contracts section of this tariff.

6.2.19 Caller ID Value Package

(CT) Enables residence customers to subscribe to a predefined group of Call Management Services and receive a discount (or credit) on their total monthly bill. Caller ID Value Package is composed of the following services: Caller ID-Calling Name Delivery or Caller ID-Calling Number Delivery, Call Return (monthly subscription only), and Call Blocker.

Any of the Call Management Services included in Caller ID Value Package may also be subscribed to on an individual basis under the terms specified in this tariff.

The monthly rate and Service Connection charge as specified in this tariff for each service in the Caller ID Value Package applies, as appropriate. In addition, the Caller ID Value Package monthly discount is applied as a credit to the customer's monthly billing.

CALL MANAGEMENT SERVICES

6.3 APPLICATION OF RATES AND CHARGES

A. Current prices are specified in the Call Management Services Price List.

(AT) B. The Residence Call Management Services Service Connection charge per line is \$6.00 and the Business Service Connection charge is \$26.50. This charge is applicable to all services except usage-sensitive Auto Redial and usage-sensitive Call Return.

C. The Call Management Services rates are in addition to the established rates and charges for the local exchange access line with which these offerings are associated.

(CT) D. A monthly rate will apply, as appropriate, to all Call Management Services, which are subscribed to on a monthly subscription basis, including Call Trace, which will also bill a successful activation charge. Auto Redial and Call Return, when subscribed to on a usage-sensitive basis, will only be subject to the appropriate activation charge, per occurrence.  
(AT)  
|  
(AT)

E. Moves and Changes

1. The Service Connection charge will apply per line when changing Speed Calling from the 8-code capacity to the 30-code capacity, or vice versa.

2. A Service Connection charge will apply per line when the Speed Calling codes are changed by the Telephone Company at the customer's request.

3. A Service Connection charge will apply per line when the forwarded to number and/or the customer's designated number of rings associated with Call Forwarding-Busy Line or Call Forwarding-Don't Answer is changed at the customer's request.

F. For the services specified in Section 6.4.A.1, the "first" monthly service rate always applies to residence Caller ID, Call Return, Call Waiting and Remote Access to Call Forwarding. When a single service is ordered, the "first" monthly service rate applies. When multiple services are ordered, one "first" monthly service rate applies and the "additional" monthly service rate applies to each additional service, unless the additional service is one to which the "first" monthly service rate always applies. The services are listed in priority order, (i.e., if multiple services are ordered they will be priced in the order appearing in paragraph 6.4.A.1. following).

### EASYOPTIONS<sup>SM</sup> SERVICES

#### 47.1 GENERAL REGULATIONS

- 47.1.1 EasyOptions Services are optional telephone services individually described below and are part of the family of EasyOptions calling services. These services allow customers to efficiently manage the call flow generated over their Exchange Access Line(s).
- 47.1.2 EasyOptions Services are subject to availability of facilities and compatibility with central office equipment, customer access line and premises equipment.
- 47.1.3 EasyOptions Services will be furnished only at locations where adequate and suitable facilities are available to residence and business customers, excluding some multiline hunting arrangements.
- 47.1.4 EasyOptions Services are not available to customers having party line, Public, Semi-Public, Customer-Owned Pay Telephone Service, Mobile, Remote Switching System, WATS, Centrex, PLEXAR<sup>SM</sup> telephone services and trunk facilities associated with Direct Inward Dialing.
- 47.1.5 The Call Forwarding, Selective Call Forwarding, Call Forwarding - Busy Line, Call Forwarding - Don't Answer and Call Forwarding - Busy Line/Don't Answer features are offered for use with two-way PBX trunks, subject to the following limitations:
- a. May be provided when compatible with the equipment configuration at the customer's premises.
  - b. Available only in certain types of central offices.
  - c. Available only with two types of hunting arrangements, multiline and series completion, subject to limitations of these hunting arrangements.
- 47.1.6 Auto Redial, Call Blocker, Call Return, Call Trace, Priority Call, Selective Call Forwarding and Caller ID are functional when both the call originating customer and the call terminating customer are served from central offices capable of sending and receiving the Calling Party Number (CPN) and are linked by appropriate facilities.
- 47.1.7 When multiple services are activated on the same line, certain services may take precedence over others.
