OFFICE OF SECRETARY

RE: PR Docket 93-61, Automatic Vehicle Monitoring Systems

Dear Mr. Caton:

On Monday, September 18, 1995, I, on behalf of AirTouch Teletrac, and David Hilliard on behalf of PinPoint Communications, Inc., met with Daniel Phythyon, Associate Bureau Chief, Wireless Bureau, to discuss the above-referenced proceeding. The presentation emphasized the need to revise the emissions mask and the importance of proceeding with a change in the mask in order that grandfathered multilateration systems might be constructed. Previously filed Ex Parte materials were referenced in the discussion.

Two copies of this notice were submitted to the Secretary of the FCC in accordance with Section 1.1206(a)(1) of the Commission's Rules.

Please stamp and return the provided copy to confirm your receipt. Please contact me at 202-293-4960 should you have any questions or require additional information concerning this matter.

Sincerely,

Kathleen Q. Abernathy
