WIRELESS TELECOMMUNICATIONS BUREAU'S
STATUS REPORT

1. By Order, FCC 95M-191 (released October 2, 1995), the Presiding Judge directed the parties to submit, by October 6, 1995, a report on the status of efforts to effectuate a settlement of this proceeding. The Wireless Telecommunications Bureau hereby submits its report.

2. By Order, FCC 95M-144 (released June 21, 1995), the Presiding Judge issued a 120-day stay of this proceeding to, among other things, allow James A Kay, Jr. ("Kay") the opportunity to arrange for the divestiture of his licenses by relinquishment and/or by assignment. It was contemplated that by October 20, 1995, Kay would be in a position to present to the Presiding Judge a complete settlement package consisting of, among other things, executed contracts for the sale of most of his stations, executed applications for the assignment of most of his licenses, and requests to relinquish his remaining authorizations.

3. The Bureau has heretofore provided Kay with a comprehensive list of stations that he may sell and those that he must surrender, pursuant to the proposed settlement. During the stay period, Bureau counsel discussed procedural matters and technical aspects involving the sale of Kay's stations with Kay's counsel and with potential purchasers when requested by Kay's counsel. The burdens of locating buyers, negotiating terms and prices, entering into contracts for sale, and executing applications for assignment of license are necessarily on Kay. Consequently, the Bureau is unable to report on the results of Kay's efforts to sell his stations and assign his licenses.¹

Respectfully submitted,

¹ If, in his status report, Kay reveals that he has not yet executed all pertinent sales contracts and assignment applications, the Bureau would urge the Presiding Judge, in light of the forthcoming October 20, 1995, deadline, to remind Kay that his failure to do so by the end of the stay period will be cause for promptly returning this case to hearing status.
