DOCKET FILE COPY ORIGINAL

Dear Commissioner Chong:

As a California community leader, I am writing to congratulate you on the FCC's latest work toward improving children's access to quality, educational television. I am pleased about the issuance of the notice of proposed rule-making (NPRM) and applaud your efforts to fully enforce the intent of the Children's Television Act (CTA).

New guidelines are desperately needed in order to increase educational TV for children. I am concerned that in the absence of further specific guidelines, broadcasters will continue to fill the airwaves with mediocrity, ignoring their vast potential to educate and inform children. With this in mind, I hope you will vote to more clearly define what is meant by "educational" programming, and to require broadcasters to air a specific number of hours per week of educational shows.

I hope you will seize this opportunity to influence the lives and futures of our nation's children. Broadcasters have at their disposal an invaluable resource for children. Yet the record shows that without stricter regulation, this positive potential for kids will remain unfulfilled. With your vote for substantive and meaningful regulations of the CTA, our kids will have the opportunity to benefit by this vast untapped resource for education and information outside the classroom.

Sincerely,

Elizabeth A. Lynch

DOCKET FILE COPY ORIGINAL

Dear Commissioner Chong:

As a California community leader, I am writing to congratulate you on the FCC's latest work toward improving children's access to quality, educational television. I am pleased about the issuance of the notice of proposed rule-making (NPRM) and applaud your efforts to fully enforce the intent of the Children's Television Act (CTA).

New guidelines are desperately needed in order to increase educational TV for children. I am concerned that in the absence of further specific guidelines, broadcasters will continue to fill the airwaves with mediocrity, ignoring their vast potential to educate and inform children. With this in mind, I hope you will vote to more clearly define what is meant by "educational" programming, and to require broadcasters to air a specific number of hours per week of educational shows.

I hope you will seize this opportunity to influence the lives and futures of our nation's children. Broadcasters have at their disposal an invaluable resource for children. Yet the record shows that without stricter regulation, this positive potential for kids will remain unfulfilled. With your vote for substantive and meaningful regulations of the CTA, our kids will have the opportunity to benefit by this vast untapped resource for education and information outside the classroom.

Sincerely,

(signature)

Dear Commissioner Chong:

As a California community leader, I am writing to congratulate you on the FCC's latest work toward improving children's access to quality, educational television. I am pleased about the issuance of the notice of proposed rule-making (NPRM) and applaud your efforts to fully enforce the intent of the Children's Television Act (CTA).

New guidelines are desperately needed in order to increase educational TV for children. I am concerned that in the absence of further specific guidelines, broadcasters will continue to fill the airwaves with mediocrity, ignoring their vast potential to educate and inform children. With this in mind, I hope you will vote to more clearly define what is meant by "educational" programming, and to require broadcasters to air a specific number of hours per week of educational shows.

I hope you will seize this opportunity to influence the lives and futures of our nation's children. Broadcasters have at their disposal an invaluable resource for children. Yet the record shows that without stricter regulation, this positive potential for kids will remain unfulfilled. With your vote for substantive and meaningful regulations of the CTA, our kids will have the opportunity to benefit by this vast untapped resource for education and information outside the classroom.

Sincerely,

PLEASE PRINT:
