Dear Mr. Secretary,

Speaking for myself as a person who is deaf. Closed captioning has enriched my life by allowing me to visually access information. When captioning is not provided, I am excluded (by reason of my disability) from that information.

I commend Congress in their support of the Telecommunication Act (FCC 95-484). Closed Captioning and Video Description of Video Programming is a benefit to everyone. I am asking that you consider having all programming captioned. It is frustrating when I am excluded from a program in which I have an interest. I do not feel someone else should determined what "class" of program I would be allowed to have access.

Thank you for considering my request and looking forward to having access to all the information that everyone else has.

Sincerely, *Herold G. Vrush*
