Washington, D.C. 20554

RE: Comments of Mayor of Hatillo, Puerto Rico

The Government of the City of Hatillo fully supports the establishment of the Puerto Rico Coordination Zone as proposed by the Federal Communication Commission in RM 8165. I trust that this Rulemaking will facilitate better coordination and communication between the observatory and the broadcasters and telecommunication providers in the island.

Sincerely

  
JUAN LUIS CUEVAS CASTRO  
Mayor
