Dear Sir or Madame:

This letter concerns your pending request for authority to remain silent. Temporary authority is hereby granted for the above-referenced station(s) to remain silent for six months from the date of this letter.

Any further requests for extension of this authority must be accompanied by a detailed summary of steps taken to return the station to on-air operations.

On December 11, 1991, the Commission adopted a Report and Order (copy attached) which amended Part 1 of the Commission's Rules, to implement Section 5301 of the Anti Drug Abuse Act of 1988. Pursuant to the Report and Order, any requests for extension of this authority must be accompanied by a certification that neither the applicant nor any party to the request is subject to a denial of Federal benefits under Section 5301. Please use the attached certification page to comply with this requirement, if you need to request an extension of this authority.

It will be necessary to maintain prescribed tower lighting in accordance with the station's license authorization. If an extension is not required, you are requested to notify the Commission, in writing, of the exact date the station resumes on-air operations.

In the event that any AM station remains silent for a period over 6 months, it will be necessary to file with the Commission, prior to returning the station to on-air operations, an FCC Form 302 for direct measurement of power which should include a partial proof of performance for stations with directional antennas.
