FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF SECRETARY

The Honorable J. James Exor

Washington, D.C. 20510

Dear Senator Exon:

Thank you for your letter of April 25, 1996, on behalf of your constituent, Russ Hilliard, regarding the Commission's decision to freeze acceptance of paging applications. Mr. Hilliard expresses concern that the suspension of processing of paging applications will adversely affect small businesses that provide paging services.

The Commission is currently conducting a rulemaking proceeding that proposes to transition from licensing paging frequencies on a transmitter-by-transmitter basis to a geographic licensing approach, using auctions to award licenses where there are mutually exclusive applications. In conjunction with that proceeding, the Commission initially froze processing of applications for paging frequencies. On April 23, 1996, the Commission released a First Report and Order in WT Docket 96-181 and PP Docket 93-253, which adopted interim measures governing the licensing of paging systems and partially lifted the interim freeze for incumbent paging licensees. For your convenience and information, enclosed is a copy of the Press Release concerning the First Report and Order, which includes a summary of the principal decisions made. Specifically, small and medium sized incumbent paging companies will be permitted to expand their service areas if the proposed new site is within 65 kilometers (40 miles) of an authorized and operating site. These interim rules will remain in effect until the Commission adopts final rules in the paging proceeding.

Thank you for your inquiry.

Sincerely,

David L. Furth
Chief, Commercial Wireless Division

Dear Chris:

Thank you for taking the time to talk with me with regard to the freeze on Paging Licenses. As I indicated, we would like to see the Federal Communications Commission process the licenses that are already in the pipeline.

As a small businessman, this would help facilitate our ability to compete. With the advent of P.C.S., we need all the help we can get, as the market place will become very competitive, very soon.

Again, thanks! If I can help you out in any way, give me a call.

Yours very truly,

CABLE USA, INC.
