Dear Sir or Madame:

This letter concerns your pending request for authority to remain silent. Temporary authority is hereby granted for the above-referenced station(s) to remain silent for six months from the date of this letter.

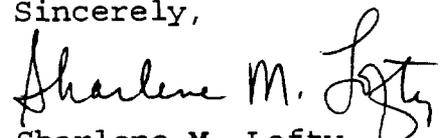

Any further requests for extension of this authority must be accompanied by a detailed summary of steps taken to return the station to on-air operations.

On December 11, 1991, the Commission adopted a Report and Order (copy attached) which amended Part 1 of the Commission's Rules, to implement Section 5301 of the Anti Drug Abuse Act of 1988. Pursuant to the Report and Order, any requests for extension of this authority must be accompanied by a certification that neither the applicant nor any party to the request is subject to a denial of Federal benefits under Section 5301. Please use the attached certification page to comply with this requirement, if you need to request an extension of this authority.

It will be necessary to maintain prescribed tower lighting in accordance with the station's license authorization. If an extension is not required, you are requested to notify the Commission, in writing, of the exact date the station resumes on-air operations.

In the event that any AM station remains silent for a period over 6 months, it will be necessary to file with the Commission, prior to returning the station to on-air operations, an FCC Form 302 for direct measurement of power which should include a partial proof of performance for stations with directional antennas.

Re: Station KRKE
Aspen, Colorado

Your Ref: 8910-SNL
Stop Code 1800 B2

Dear Mr. Burtle:

This letter is to request authority for Station KRKE, Aspen, Colorado, to remain silent, pending completion of efforts to return it to the air as a station serving the educational needs of the Aspen community. Specifically, the licensee, Charles B. Moss, Jr., has been spearheading a project whereby, subject to FCC consent, he will contribute, via assignment, the KRKE license to the Aspen School District, which will build and operate the facility for use by students as part of a media program. Moss is ready, willing and able to contribute the license, but funding is not yet available for equipment; it is estimated that equipment costs will total \$100,000.00.

On May 30th, Mr. Moss met with Tom Farrell, Superintendent of Schools, Aspen School District and Ms. Lynn Russell, Director of the Aspen Foundation to discuss funding. Mr. Farrell advised that he would request \$20,000.00 from the School Board and Ms. Russell advised that she would solicit up to \$50,000.00 from the Aspen Foundation toward meeting the \$100,000.00 goal. However, the formalization of funding requests and their disposition will take significant time, particularly over the summer months. In addition, funds must be obtained from other sources requiring solicitation by Mr. Moss and others.

Under the circumstances, the licensee requests that Station KRKE be authorized to remain silent for six additional months. Such an extension ultimately should enable Station KRKE to return

Mr. James Burtle

to on-the-air status as a station broadly serving the educational
needs of Aspen and its environs.

Very truly yours,

Re: Station KRKE

Dear Mr. Caton:

This has to do with a letter, dated January 4, 1995, from counsel to Gardiner Broadcast Partners, Ltd. ("Gardiner"), former licensee of Station KRKE, Aspen, Colorado. Counsel's letter references the assignment of Station KRKE from Gardiner, on December 29, 1994, but states that Gardiner assigned the license to Moss Entertainment Corp., which, in turn, assigned the license to Charles B. Moss, Jr., when, in fact, Gardiner assigned the license directly to Charles B. Moss, Jr., pursuant to BAL-941216EA, a copy of which is annexed. Also annexed is a copy of the undersigned's letter of December 29, 1994 advising the Commission of the effectuation of the assignment from Gardiner to Charles B. Moss, Jr.

NOTICE TO ASSIGNEE:

Enclosed is FCC Form 732 notifying you of the Commission consent to the assignment of the construction permit and/or license of the station(s) therein described. Voluntary assignments are required to be completed within sixty (60) days of the date granted.

In addition to filing of the below mentioned FCC Form 323, you are required to immediately notify the AM Branch (8910), by letter, as to the exact date of the consummation; that is, the date on which the acts necessary to effect the assignment were completed. If you are unable to consummate the transaction within the prescribed sixty (60) day period, you are required to contact the AM Branch and request an extension of time to effectuate the consummation; if you decide not to consummate the transaction, you must also notify the AM Branch of this decision immediately. In addition, you must inform the AM Branch if the station(s) involved were silent prior to consummation and are resuming broadcasting after the consummation or if the station will remain silent for a period after consummation.

Within thirty (30) days after the consummation of the assignment it will be necessary for you to submit an Ownership Report (FCC Form 323) reporting all changes as required by Section 73.3615 of the Rules. Where applicable, a separate Ownership Report should also be completed and submitted for any holding company (25% or greater ownership interest) of the licensee/permittee. Contractual information required by Section 73.3613 should be reported for the assignee in Item 6, page one of the Ownership Report and copies of each instrument should be submitted with the report. If this is an involuntary assignment that was a result of a death or court action, an Ownership Report must be filed to determine that all requirements of the Rules have been met and reported.

In the event the assignee is the licensee/permittee of another station and has a current Ownership Report on file, you may complete and file only page one of FCC Form 323 to reflect the acquisition of the station(s) listed above. FCC Form 323 is enclosed for your convenience in filing.

It is of the utmost importance that all Commission correspondence comes to the immediate attention of the permittee or licensee. Only one mailing address can be maintained for each station. Unless we hear from you to the contrary, the above address will be used as your permanent mailing address.

If the assignor has any applications pending before the Commission, these applications must be amended to reflect the name of the assignee. Upon consummation of the assignment, amendments to each application must be filed by the assignee, in triplicate, signed by the proper party (see Section 73.3513 of the Rules). Further processing of these applications will be withheld pending receipt of the amendment.
