FEDERAL COMMUNICATIONS COMMISSIC.
OFFICE OF SECRETARY

Re: Ex parte Presentation in CS Dkt. No. 95-184.

Dear Mr. Caton:

I am hereby submitting an original and one copy of this notice of the Independent Cable & Telecommunications Association ("ICTA") of an *ex parte* presentation in the above-referenced docket.

On January 2, 1997, Bill Burhop, Executive Director of ICTA, David Gorozdos, an engineer with Mid-Atlantic Cable Services, Inc., an ICTA Member, and Deborah Costlow, ICTA's outside General Counsel, met with Anita Wallgren, Legal Advisor to Commissioner Susan Ness, and Catherine Crutcher, an intern in Commissioner Ness' office.

The parties visited two different types of multiple dwelling units ("MDUs") in order to examine the point at which the common wiring ends at each type of MDU and discussed why it would be appropriate in the Inside Wiring proceedings, CS Dkt. No. 95-184, to designate that point

as the demarcation point for regulatory purposes. The parties also addressed other issues raised in ICTA's comments submitted in the Inside Wiring proceedings.

Sincerely,

A handwritten signature in cursive script that reads "Treg Tremont".
