EFFECTIVE: January 3, 1996

**A7. COIN TELEPHONE SERVICE****A7.4 Public Telephone Access Service For Customer Provided Equipment (CPE)  
(Cont'd)****A7.4.1 General (Cont'd)**

- C. The carriage and completion of local messages are provided by the Company.
- D. Public Telephone Access Service for CPE is provided subject to the condition that telephone messages (local and long distance) placed from stations which are accessible to the public are completed over Public Telephone Access Service for CPE lines (or other Public or Semipublic lines). Where Public Telephone Access Service for CPE is furnished, any type or grade of business service offered regularly at that location may be furnished in addition, provided such business service is confined to locations solely for use by the particular establishment.
- E. Customer-provided public telephones may not be attached to other types of access lines. A subscriber must order a separate Public Telephone Access line for each CPE telephone installed and will be billed the Tariffed rate for each line.
- F. Public Telephone Access Service For CPE will only be provided as Two-Way service and there will be no charge imposed for incoming calls.
- G. (DELETED)
- H. For customers subscribing to Caller ID - Deluxe, as specified in A13.19.2.H of this Tariff, if the incoming call originates from a customer-provided public telephone, the name information transmitted will always be "Pay Phone."

**A7.4.2 Responsibility of the Subscriber**

- A. The subscriber shall be responsible for the installation, operation and maintenance of any customer-provided telephones used in connection with this service.

EFFECTIVE: October 17, 1996

## A7. COIN TELEPHONE SERVICE

### A7.4 Public Telephone Access Service For Customer Provided Equipment (CPE) (Cont'd)

#### A7.4.2 Responsibility of the Subscriber (Cont'd)

- B. Customer-provided telephones must be connected to the Company network in compliance with Part 68 of the FCC Rules and Regulations and have the following operational characteristics:
1. Must be able to access the "Operator" and local Directory Assistance (411) at no charge to the calling party.
  2. Must be able to access 911 Emergency Service, where available, at no charge.
  3. The appropriate emergency number (Operator, 911) must be clearly posted at each location of a customer-provided telephone.
  4. Must clearly display information consisting of local address and telephone numbers where a caller can obtain assistance in the event that the customer-provided telephone malfunctions in any way. Must clearly indicate procedures for obtaining a refund from the subscriber and that the customer-provided telephone is not being provided by the Company. *(With the exception of Coin Refund and Repair Referral Service (CRS) provided in A7.10 of this Tariff, the Company is not responsible for refunds of coins deposited in customer-provided coin-operated public telephones.)*
  5. Must be equipped to return the coins to the caller in the case of an incomplete call.
  6. The telephone number of the line must be displayed on each CPE telephone.
  7. Must be capable of providing access to all interexchange carriers certified to do business in Georgia.
  8. Must be capable of completing local and toll calls.
- C. The subscriber is responsible for meeting all federal, state and local statutes with respect to provision of customer-provided telephones in accordance with all hearing impaired and handicapped person requirements.
- D. The subscriber is responsible for insuring that customer-provided telephones are installed in compliance with all Public Service Commission accepted telecommunications industry standards, and the current National Electric Code and National Electric Safety Code.
- E. Each provider of a customer-owned coin/coinless operated telephone ("COCOT") must apply for and receive from the Public Service Commission a Certificate of Public Convenience and Necessity. Each COCOT provider shall be required to obtain only one such Certificate for all of its operations within the State of Georgia. Such COCOT provider shall further provide to the Public Service Commission a list of all public telephone access lines which such provider has obtained within the State of Georgia, which list shall contain the name, business address and administrative telephone number of the provider as well as the location and telephone number of each COCOT owned or operated, or both, by the provider. Each COCOT provider shall update such list on a quarterly basis. The Company and certificated interexchange carriers are exempted from these certification and list provision requirements.

#### A7.4.3 Violations of Regulations

- A. Where any customer-provided telephone is used and/or connected in violation of this Tariff, the Company will promptly notify the customer of the violation.
- B. Violations of the Tariff, Commission rules pertaining to public telephone service, or certification requirements will subject subscribers of Public Telephone Access Service for CPE to disconnection of service if the deficiency is not corrected within 10 days from date of notification to the subscriber.

  2. (DELETED) (Cont'd)
  3. Switched Access Charges for usage as provided in Sections E3. and E6. of the Access Service Tariff apply. Charges are billable to the interexchange carrier.
  4. Intrastate intraLATA long distance charges apply on a per message basis based on toll rates (as provided in Section A18.3.1.G. of this Tariff) plus the appropriate additive operator services charges (as provided in Section A18.3.1.G. of this Tariff).  
  
Long distance message telecommunications rates as specified in Section A18. of this Tariff will apply to intracounty sent-paid calls terminated outside the local calling area exchanges listed in A3.6.1 for the exchange where the call originated.  
  
The subscriber to Public Telephone Access Service for Coinless CPE shall be responsible for the payment of outgoing local calls, intracounty and long distance intraLATA calls which are charged by the calling party to a commercial credit card.
  5. Touch-Tone Calling Service *will be provided at no charge to the subscriber.*
  6. Where facilities are not available in the serving central office, Public Telephone Access Service for CPE may be provided from another office with applicable rates and charges as provided in Section A9. of this Tariff for Foreign Exchange or Foreign Central Office Service.
  7. A charge equivalent to that charged on business individual line service is applicable for Directory Assistance Service for calls outside the local calling area as provided in Section A18. of this Tariff. No charges will apply for calls to 411.
  8. Service Charges as covered in Section A4. of this Tariff for business individual line service are applicable. Changes in service from an existing exchange service to Public Telephone Access Service for CPE will be considered as new service.
  9. Zone charges as covered in Section A3. of this Tariff for business individual line service are applicable.
  10. Listings in connection with Public Telephone Access Service for CPE are furnished under the same rates and regulations as other business service.

**A7. COIN TELEPHONE SERVICE****A7.4 Public Telephone Access Service For Customer Provided Equipment (CPE)  
(Cont'd)****A7.4.5 Rates and Charges (Cont'd)****B. Rates and Charges Applied by The Subscriber (Cont'd)**

4. No charges will be billed to the calling party for 411 (Local Directory Assistance) calls.

**C. Independent Payphone Provider (IPP) Reward Plan****1. Definition and Requirements**

- a. The IPP Reward Plan provides the IPP a discount, ranging from 0% to 20%, for a term commitment of 12 or 24 months to be applied monthly, one month in arrears, to the subscribing IPPs recurring monthly access line charge. (N)
- b. The IPP Reward Plan term discount will become effective when an authorized agent of the Company executes the Letter of Intent for the BellSouth IPP Reward Plan but not prior to the approval of this Tariff. (N)
- c. The IPP Reward Plan offers a discount on the access line rates in A. preceding, excluding Rate Groups 2, 2A, 5 and 5A. The discount applied will be based on the number of IPP access lines subscribed to the IPP Reward Plan and the term commitment agreed upon. (N)
- d. The IPP must subscribe all their payphone lines to the Company's Public Telephone Access Service. (N)
- e. The IPP agrees to send all 0+ and 0- local and intraLATA calls to the Company. These calls must: (N)
- (1) originate from a telephone line associated with the subscribing customer's account, (N)
  - (2) originate and terminate in the same LATA, (N)
  - (3) be carried and completed by the Company via Company facilities and (N)
  - (4) be billed by the Company. (N)
- f. A termination liability will be assessed to IPP subscribers who terminate or violate the requirements outlined in d. and e. preceding prior to the expiration of the term commitment. The amount to be assessed will be equal to 50% of the monthly access line rate multiplied by the number of months remaining in the term agreement, then multiplied by the number of lines subscribed to the IPP Reward Plan on the termination date of the agreement. (N)
- g. The rates listed in A. preceding for Flat Rate Service for Access Lines are stabilized under the IPP Reward Plan for the term of the agreement and these lines will be exempt from Company initiated increases, however, decreases in the Access Line charges will be passed along to the subscriber. (N)

**A7.5 Public Set Use Fee****A7.5.1 Definition and Requirements**

- A. A fee of \$0.25 will be billed to and collected from end users by the Company on behalf of the Company and non-Company public telephone providers in the Company's serving territory for 0- and 0+ intraLATA long distance and local Company processed completed billed messages which originate from Company and non-Company public and semipublic telephones. This fee is optional for 0- and 0+ interLATA calls based on negotiated arrangements between the Carrier and the pay phone provider.
- B. Billing and collection of Company processed completed messages which originate from non-Company public telephones, and to which the Set Use Fee applies, will be provided under the following conditions:
1. The Company will bill and collect the Set Use Fee on behalf of non-Company public telephone providers in addition to the local, long distance and operator service charges retained by the Company specified in Sections A3. and A18. of this Tariff.
  2. The Company will render a credit amount to the non-Company public telephone providers which will equal the billed Set Use Fees minus an amount to cover all adjustments, bad debts, unbillables which are uncollectible and the billing and collection charge specified in A7.5.2.B. following. The factor used to adjust the subscriber's credit amount for adjustments, bad debts and unbillables which are uncollectible will be based on our experience of similar or related services.
  3. Service may be denied to the billed party due to nonpayment of the Set Use Fee subject to the rules and regulations specified in A2.4.

**A7. COIN TELEPHONE SERVICE**

**A7.5 Public Set Use Fee (Cont'd)**

**A7.5.1 Definition and Requirements (Cont'd)**

**B. (Cont'd)**

- 4. The procedures utilized for the application and remittance of federal, state and local sales, use, excise or other taxes or tax-like fees to be imposed on a non-Company public telephone provider applicable to its end user shall be those used by the Company in imposing such taxes on charges to the Company's end users. It shall be the responsibility of the public telephone provider to remit any gross receipts tax due with respect to the Set Use Fees. Should any federal, state, or local jurisdiction determine that sales, use excise, gross receipts or any other taxes (including interest, penalties and surcharges thereon) are due by the public telephone provider as a result of the Company's billing of the Set Use Fee for the public telephone provider, the Company will advise the public telephone provider who shall be liable for any such tax, interest, penalties and surcharges, and the public telephone provider shall immediately reimburse the Company the amount of such tax, interest, penalties and surcharges paid by the Company. (M)
- 5. The Company shall not be responsible for calls that cannot be completed as a result of repair or maintenance difficulties on Company facilities and equipment nor on equipment owned by the subscriber. (M)
- 6. In the event that the billing data is lost, the Company will estimate the volume of lost messages and associated Set Use Fees based on prior billing periods. In such events, the extent of the Company's liability for damages shall be limited to the granting of a corresponding credit adjustment to the amounts due to the pay telephone service provider to account for the unbillable revenue. (M)
- 7. The Company must be notified in writing of any disputes within 30 days from the date the details were initially made available to the pay telephone service provider. (M)
- 8. In the absence of willful misconduct, no liability for damages to the pay telephone service provider, or other entity or other person other than that as set forth in 6. preceding shall be attached to the Company for its action or the conduct of its employees in providing the billing and collection of the Public Set Use Fee. (M)

**A7.6 Public Telephone Access Line for Institutional Service Providers**

**A7.6.1 General**

- A. Public Telephone Access Line for Institutional Service Providers (ISPs) is an exchange line service specifically provided to resellers of telecommunications services for use at an institution by inmates in making collect only calls. An institution is defined as any type of confinement/correctional facility (i.e., prisons, jails, work farms, detention centers, etc.). This service does not apply to telephones located elsewhere within the confines of the facility (i.e., administrative areas, guards' break rooms/lounges, etc.) or outside the facility.

**A7.6.2 Requirements**

- A. ISPs must obtain a certificate of public convenience and necessity from the Commission in order to lawfully provide Institutional Telecommunication Services.
- B. ISPs are required to file tariffs with the Commission which set forth the services provided and the charges for those services. All tariff filings shall require 30 days notice before effective.
- C. ISPs must adhere to the same rules and regulations that govern billing authority as approved by the Commission for resellers, interexchange carriers (ICs) and alternate operator service (AOS) companies in that the ISP must be identified on the bill submitted to the customer (called party). In the event that it is impractical or impossible for the billing entity to comply, the ISP may apply to the Commission for a waiver to be reviewed on a case by case basis.
- D. Telephone equipment providing institutional telecommunications service will be installed in compliance with all accepted telecommunications industry standards as well as the current National Electric Code and the National Electric Safety Code.
- E. Telephone sets serving an ISP's location must:
  - 1. Provide access to outward only 0+ collect calls for local, intraLATA toll, and interLATA toll calls, and must block access to all other types or forms of calls.
  - 2. Insure that, if no positive acceptance of a call is received, the call must either be terminated within 15 seconds of the last message given or default to a live operator. A positive response from the called party indicating a willingness to pay for the call must be received before completing a call. A positive response is defined as a pulse/tone generated response and/or verbal acceptance. No other method may be used in confirming a call.
  - 3. Where call termination is deemed appropriate by the administrator<sup>1</sup> of the institution and unless another time interval is specifically requested by the administrator, limit the call duration to a 15 minute interval. Any changes to call termination must be filed with the Commission within thirty (30) days of such change. The Company will not provide credit or equivalent service to the called or calling parties for such calls.

**Note 1:** The ISP "administrator" is the executive officer or person designated by the executive officer of the institution.

SOUTHERN BELL TELEPHONE  
AND TELEGRAPH COMPANY  
GEORGIA

ISSUED: November 16, 1994  
BY: President - Georgia  
Atlanta, Georgia

**GENERAL SUBSCRIBER SERVICE TARIFF**

Second Revised Page 12

EFFECTIVE: January 1, 1995

**A7. COIN TELEPHONE SERVICE**

**A7.6 Public Telephone Access Line for Institutional Service Providers (Cont'd)**

**A7.6.2 Requirements (Cont'd)**

- E. Telephone sets serving an ISP's location must: (Cont'd)
  - 4. Block calls to local Directory Assistance (411), long distance Directory Assistance (555-1212), toll free numbers (1-800), 700, 900, 950, 976, 10XXX, 101XXXX, N11 Service numbers and any other numbers the institution and/or the Commission determines may jeopardize the integrity and security of the institution and the safety to the public.
- F. ISPs, like other resellers, AOS companies and ICs, may not utilize interLATA facilities for the purpose of carrying intraLATA traffic but will provide all intraLATA service by means of Company facilities authorized for resale. Each ISP must certify to the Commission that it is routing intraLATA calls through the appropriate intraLATA facilities.
- G. For calls originating from institutions, ISP operators, live and/or mechanical, will clearly state the name of the Company at the initiation of any encounter with a customer (the billed party) so that the customer is fully informed as to which carrier will be handling the call before the customer incurs any charge. ISP operators will also clearly state its name at the conclusion of its contact with the customer.
- H. If requested by the customer, ISP operators will fully disclose the rate to be charged for a call, including surcharges, before the customer incurs any charge.
- I. The ISP provider will be identified on the bill submitted to the customer (called party) for institution originated calls.
- J. Within the confines of the institution, ISPs must order a separate access line for institutional services which may serve up to three (3) instruments per ISP access line installed. However, if more than one instrument occupies a single ISP line, only one instrument may use the line at a given time.

**A7.6.3 Rates and Charges**

- A. Public Telephone Access Line for ISPs - Rates and charges applied by ISPs:
  - 1. Only rates filed and approved by the Commission may be charged.
  - 2. ISPs who desire to charge above existing tariffed rates for operator service rates for interexchange carriers shall file cost, revenue and expense data justifying the proposed rates. Rate reductions may take effect after giving the Commission 14 days notice.
  - 3. Usage charges are based upon the distance between the originating and the terminating points of the calls as calculated by using the V and H coordinates as set forth in AT&T's General Services Tariff, Section A11.
  - 4. A generic contract, representative of those executed between the ISP and the institutions, which set forth any charges (to include commissions) that a ISP collects for remittance to the institution must be filed with the Commission.
  - 5. The charge for a local station-to-station 0+ collect call must not be any higher than \$0.95, and for person-to-person 0+ collect calls no higher than \$1.95, unless justified and approved by the Commission.
- B. Public Telephone Access Line for ISPs - Rates and charges applied by the Company:
  - 1. Public Telephone Access Line for ISPs is provided on a measured rate basis. The monthly rate, optional service features and local usage charges are equivalent to that of Public Telephone Access Service for CPE and are provided under the conditions as defined in A7.4 of this Tariff.

**A7.7 Reserved For Future Use**

EFFECTIVE: December 3, 1995

**A7. COIN TELEPHONE SERVICE**

**A7.8 SmartLine<sup>®</sup> Service for Public Telephone Access**

**A7.8.1 General**

- A. SmartLine<sup>®</sup> service is a standard Dial Tone First (DTF) coin line for customer provided pay telephones.
- B. SmartLine<sup>®</sup> service will be provided from central offices where facilities are available.
- C. This service is provided subject to the requirements set forth in A7.4.1, A7.4.2, A7.4.3. and Section A2. of this Tariff.
- D. Features of the SmartLine<sup>®</sup> service are as follows:
  1. Service will be provided on a two way basis, except lines placed in correctional institutions, schools, hospitals and other locations for which a specific exemption has been granted by the Public Service Commission. There will be no charge imposed for incoming calls.
  2. Service will be provided on a DTF basis to enable end users to dial certain calls without requiring coin deposits, e.g. 911 Emergency Calls, local directory assistance, and non-sent paid calls.
  3. Central office blocking of 900 and 976 calls will be provided.
  4. Operator Call Screening will be provided to alert operator and carrier systems that the call is originating from a SmartLine<sup>®</sup> service line and may require special handling and billing treatment.
  5. Billed Number Screening will be provided to indicate in validation data bases that incoming collect and bill to third number calls are not to be billed to the line.
  6. Coin signaling (coin collect and coin return) will be provided by the network. Coin collect is used when a call has been completed and coin return is used if a no answer or busy condition is encountered.
  7. Standard recorded announcements currently used with the Company's Public Telephone service will be utilized with SmartLine<sup>®</sup> service.
  8. The Company's operator system will handle 0- intraLATA toll calls and 0+ local calls from SmartLine<sup>®</sup> service lines. All 10XXX 0+ or 101XXXX 0+ dialed intraLATA toll calls will be routed to the dialed carrier. (C)
  9. At present, sent paid interLATA, interstate and international calls originating from SmartLine<sup>®</sup> service lines, including but not limited to 1+, 10XXX 1+, 101XXXX 1+, 011+, 10XXX 011+, 101XXXX 011+, 950 1+ and 800 1+ access code calls, will be forwarded to AT&T for coin rating and completion. When other interexchange carriers provide sent paid service, 1+ presubscription interLATA calls will be permitted. Special billing/coin sharing arrangements between the SmartLine<sup>®</sup> service subscriber and their respective carriers will be the responsibility of the SmartLine<sup>®</sup> service subscriber. Sent paid intraLATA calls originating from SmartLine<sup>®</sup> service lines including but not limited to 1+, 10XXX 1+ and 101XXXX 1+ access code calls will be sent to the presubscribed IC unless the IC is unable to handle coin rating. If the IC is unable to handle coin rating, the call will be sent to the Company for coin rating and completion. (N)
  10. International Call Blocking (011+) is available through the BellSouth Telecommunications, Inc., Tariff F.C.C. No. 1.
  11. All 0+ interLATA *and* intraLATA calls will be routed to the SmartLine<sup>®</sup> service subscriber presubscribed carrier. (C)
  12. The Company shall not be liable for shortages of coins collected and deposited at the subscriber's equipment. The limit of the Company's liability for end user fraud of whatever nature occurring at or in association with the subscriber's equipment shall be governed by provisions of this Tariff and rule or regulation of the Georgia Public Service Commission (PSC). In the case of a conflict between the Company's Tariff and a rule or regulation of the Georgia PSC, the rule or regulation shall prevail.

**A7.8 SmartLine<sup>®</sup> Service for Public Telephone Access (Cont'd)**

**A7.8.2 Rates and Charges**

- A. (DELETED)
- B. SmartLine<sup>®</sup> service will be provided on a Fixed Usage Equivalent rate basis.
  - 1. Fixed Usage Equivalent - Charges per line0.0

	Monthly Rate	USOC
(a) Two Way, per line	\$56.00	SLF
(b) One way, per line	56.00	SLA

- C. The rate for sent paid local calls will be established by the SmartLine<sup>®</sup> Service subscriber's set. The network will determine if the local rate has been satisfied.
- D. Operator handled sent paid local calls will be rated to the end user at the rate set forth in A7.1 plus the appropriate operator surcharge in Section A3. of this Tariff.
- E. Non-sent paid local calls will be rated to the end user at the rate set forth in A7.1 plus the appropriate operator surcharge in Section A3.
- F. Sent paid intraLATA long distance calls carried by the Company will be rated to the end user at the long distance rate and the appropriate operator surcharge set forth in Section A18. of this Tariff. The SmartLine<sup>®</sup> service subscriber will be charged the long distance rate set forth in Section A18. of this Tariff.
- G. Non-sent paid intraLATA toll calls carried by the Company will be rated to the end user at the long distance rate and the appropriate operator surcharge set forth in Section A18. of this Tariff.
- H. Switched Access charges for usage as provided in Sections E3. and E6. of the Access Service Tariff apply. Charges are billable to the interexchange carrier.
- I. Touch-Tone Calling Service will be provided at *no charge to the subscriber.*
- J. The SmartLine<sup>®</sup> service subscriber will be charged for intraLATA long distance Directory Assistance Service at the rate specified in Section A18. of this Tariff for business individual line service. The network will require a deposit be made by the end user unless charged to an alternate billing method.
- K. Service charges as covered in Section A4. of this Tariff for business individual line service are applicable.
- L. Listings in connection with SmartLine<sup>®</sup> service are furnished under the regulations specified in Section A6. of this Tariff for Company and Customer Owned Pay Telephone Service.

**A7.8.2 Rates and Charges (Cont'd)**

- M. Suspension of service, as covered in Section A2., is not available unless the instrument is totally inaccessible to the general public on a temporary basis. In all cases, the decision to permit temporary suspension of service rests with the Company.
- N. When service is temporarily suspended at the subscriber's request, a Secondary Service Ordering Charge and a restoration charge, as specified in Section A4. will be charged for each telephone number restored.
- O. Rates for Verification and Emergency Interrupt Service as provided in Sections A3. and A18. of this Tariff are applicable. The network will require a deposit be made by the end user unless charged to an alternate billing method.

**A7.9 Reserved for Future Use**

(N)

**A7.10 Coin Refund and Repair Referral Service (CRS)**

(N)

**A7.10.1 General**

(N)

- A. Coin Refund and Repair Referral Service (CRS) provides handling of refund requests and repair referrals generated by the end users of Independent Payphone Provider (IPP) public telephones. End users may request refunds for coins lost during an attempt to place local, intraLATA or interLATA calls and/or submit repair/trouble reports for the IPP public telephone to the Company's operator services.
- B. CRS is available to any IPP outside confinement facilities which also subscribes to Operator Screening. CRS will not be provided for pay telephones located in confinement facilities.

(N)

**A7.10.2 Regulations**

(N)

- A. All access lines subscribed to CRS must be subscribed to the same option.
- B. The IPP public telephone must include detailed instructions on how to obtain refund and repair referral assistance.
- C. The Coin Refund portion of the service will be provided on one of the following options:
  - 1. Option 1 - The Company operator will take the refund request from the end user and forward the information to the IPP for processing.
  - 2. Option 2 - The Company operator will take the refund request from the end user. If the request is for a credit to the end user's account with the Company, the operator will issue the credit. Any other refund request will be forwarded to the IPP for processing.
  - 3. Option 3 - The Company operator will take the refund requests from the end user and issue a credit or draft as requested by the end user.
- D. Repair referral service will be offered with any of the coin refund options or on a stand alone basis. The Company operator will take the repair report from the end user and refer to the IPP for handling.
- E. In the case of system outages or lost data, the Company shall have no liability and shall not be responsible for providing refunds or repair referrals to the end user.
- F. Charges for CRS and the amounts of the refunds to the end user will be made based solely on the Company's refund request data.
- G. Non-payment of charges for CRS may result in the interruption of the IPP's access line service.
- H. Any request that results in a repair referral and a refund referral will be charged as two referrals.
- I. IPPs requesting to terminate CRS after subscribing lines to the service must give the Company thirty days advance notice. The IPP will be responsible for the charges incurred for CRS during the thirty day termination period. The IPP will be also responsible for any changes to its payphones and/or instruction cards after the service has been interrupted, terminated or disconnected.

## GENERAL SUBSCRIBER SERVICE TARIFF

Second Revised Page 3  
Cancels First Revised Page 3

EFFECTIVE: August 11, 1996

**A107. OBSOLETE SERVICE OFFERINGS - COIN TELEPHONE SERVICE****A107.1 Semipublic Telephone Service (Cont'd)****A107.1.3 Definition and Requirements**

(Obsoleted 8-11-96, Type 2. Not offered for installations on and after August 11, 1996.)

- A. Semipublic Telephone Service is that class of individual line exchange service furnished in locations which in the judgment of the Company are reasonably accessible to the public. It is not intended as a substitute for other service or as a means of providing an alternative service at a lower charge. Semipublic telephones are furnished if the nature and amount of usage indicate that it is suited to meet requirements at the following types of locations, and at the option of the Company:
  - 1. Where there is an appreciable demand for service on the part of transients but where in the opinion of the Company, the installation of a public telephone is not warranted.
  - 2. Where there is a collective use of the service by a relatively stable body of guests, members of clubs or transients.
  - 3. Where the demand for service is for a combination of customer and transient usage.
- B. Upon request of a subscriber, one way outward Semipublic Telephone Service may be provided at a location where other regular exchange service is also furnished.
- C. Subscribers may display telephone signs furnished by the Company and allow the use of the station to the general public.
- D. The Company may terminate service at locations where any loss by theft, fraudulent practices, or from the use of slugs and spurious, mutilated or foreign coins occurs, unless the subscriber executes an agreement to indemnify the Company against such losses.

**A107.1.4 Coin Box Semipublic Service**

- A. Semipublic Service is normally equipped with a coin box.
- B. The Company has the right to require the subscriber to redeem all slugs and spurious, mutilated or foreign coins deposited in the coin collecting device at the value for which they were deposited therein and to make good all losses due to theft or fraudulent practices. In the event the subscriber refuses to redeem such slugs and spurious, mutilated or foreign coins or to make good all losses due to theft or fraudulent practices, the Company may forthwith disconnect and remove its telephone and coin collecting device.

**A107.1.5 Non-coin Semipublic Service**

- A. Semipublic service lines will be provided without a coin box, at the subscriber's request. Local messages are metered and the monthly revenue as indicated following applies for each line.
- B. The subscriber shall be responsible for the payment of all charges for outgoing local calls and long distance telephone calls sent paid or received collect at the station.
- C. The message register for recording the number of completed local calls is furnished as a part of the service.
- D. Non-coin Semipublic Service is provided subject to the condition that telephone messages (local and long distance) placed from stations which are accessible to the public are completed over non-coin Semipublic lines (or other Semipublic or Public coin lines). Where non-coin Semipublic Service is furnished, any type or grade of business service offered regularly at that location may be furnished in addition, provided such business service is confined to locations solely for use of the particular establishment.
- E. Non-coin Semipublic Service is furnished to a subscriber upon the condition that use of the service by others shall not be made subject to any charge by the subscriber in addition to the rates and charges of the Company as set forth in applicable tariffs.
- F. For customers subscribing to Caller ID - Deluxe, as specified in A13.19.2.H of this Tariff, if the incoming call originates from a Company Semipublic telephone, the name information transmitted will always be "Pay Phone."

1. To assist hard-of-hearing customers to use Semipublic Telephone Service.

	Installation Charge	Monthly Rate	USOC	
(a) Semipublic Station <sup>1</sup>	-	\$3.80	2KR+1	(O) (T)
<b>ded Network Interface</b>				(O)

**A. Description**

1. An Extended Network Interface is offered by the Company to provide for the connection of customer premises equipment to a Semipublic telephone line on an extension only basis. The Extended Network Interface also provides privacy at the coin station. It consists of a privacy kit, associated Company provided wiring originating within the coin instrument, and a jack. (O)
2. The Extended Network Interface allows limited outward dialing where the Semipublic service is operating in the Dial Tone First mode. Any calls that can be originated at the Dial Tone First coin station without depositing coins can be made through the telephone instrument connected via the Interface provided that said instrument is equipped with the same dial operation (rotary or Touch-Tone) as the coin station. (O)

**B. Regulations**

1. The Extended Network Interface is provided by the Company for use with voice grade service only. The Company is not responsible or liable for defects or other problems associated with other type transmissions such as any data or alarm transmissions. A maximum of one Extended Network Interface per line is permitted. The Company will guarantee operation of the Extended Network Interface with no more than one (1) customer provided extension set and one (1) customer provided auxiliary ringer, and subject to the following installation constraints: (O)
  - a. The Extended Network Interface wiring should not be located, exposed or accessible within ten (10) linear feet of the coin set. (O)
  - b. The Company will provide a maximum of thirty-five (35) linear feet of wire to the Extended Network Interface. (O)
  - c. The Company will provide a minimum loop current at the Extended Network Interface in accordance with FCC registration requirements. (O)
  - d. Accessibility of installation by Company personnel and in accordance with installation procedures. (O)
2. The Extended Network Interface must be requested by the customer and provided by the Company prior to connection of any customer premises equipment. (O)
3. Customer premises equipment must be connected to the network via the Extended Network Interface through a standard plug or adapter in accordance with Part 68 of the FCC Rules and Regulations. (O)
4. The Company is not liable for damages resulting from discontinuance of service to customer premises equipment resulting from storms, power outages, or other natural occurrences. (O)
5. The customer is liable for damages to the Extended Network Interface or associated Company provided equipment which, in the opinion of the Company, were caused by tampering with said equipment or as a result of negligence. (O)
6. The Company has the right to terminate service provided by the Extended Network Interface to prevent harm to the network or to prevent fraud. (O)
7. The Company is not liable for transmission difficulties caused by customer owned equipment defects or improper use of the Extended Network Interface. (O)
8. The Company is not liable for damages or harm arising from the customer's use of the Extended Network Interface unless such accident or injury is due to gross negligence of the Company. (O)

**Note 1:** Change charge applies unless installed with initial coin station installation or with subsequent station move or change where a move or change charge applies.

**Nonrecurring  
Charge  
\$95.00**

**USOC  
ECD**

**ved for Future Use**

**A107.3 Reserved for Future Use**

**A107.4 Reserved for Future Use**

**Note 1:** In addition, a Service Ordering Charge as specified in Section A4 of this Tariff is applicable.

**Note 2:** If a grandfathered hardwired installation of an extension station (Reference A107 of this Tariff) is determined to be unrepairable during a repair visit and no inventory of spare extension sets is available, the customer will be offered the Extended Network Interface arrangement. If accepted, this nonrecurring charge is not applicable.
