**A7. COIN TELEPHONE SERVICE**

**A7.1 Public Telephone Service**

**A7.1.1 Definition And Purpose Of Public Telephones**

A public telephone is an exchange station installed at the Company's initiative or at its option, at a location chosen or accepted by the Company as suitable and necessary for furnishing service to the general public. Public telephones are installed for the use of the general public and their use by any occupants of the premises in which they are located is only incidental to their principal purpose.

**A7.1.2 Public Telephone Locations And Requirements**

- A. The Company recognizes its responsibility for providing adequate telephone facilities to meet all reasonable public requirements, and the decision as to the extent, character, and location of the public telephone facilities rests with the Company.
- B. In the selection of premises the Company endeavors to secure the most suitable of those available for the purpose, public convenience considered. The character of the premises or the location of the equipment should not be such as to offer risk to the Company's equipment or receipts.
- C. For customers subscribing to Caller ID - Deluxe, as specified in A13.19.2.H. of this Tariff, if the incoming call originates from a Company public telephone, the name information transmitted will always be "Pay Phone".
- D. At the location provider's request and at the Company's option, the Company may restrict calls from being placed at any specific public telephone during certain time of day periods in the interest of public safety and welfare. Access to 911 Emergency Service shall not be prevented at any time.

**A7.1.3 Equipment**

- A. Public telephones are ordinarily equipped with coin collecting devices; however, at the option of the Company, Company Attended Public Telephones or coinless public telephones may be furnished.
- B. Booths are furnished when in the judgment of the Company they are warranted by the estimated amount of traffic, or by the character of the location, as in lobbies, waiting rooms, etc.
- C. Additional sets are not furnished in connection with public telephone service.
- D. In all cases, the Company furnishes and displays such of its standard signs as are necessary to properly identify the station.
- E. Public Telephone Service may be arranged to provide Public Facsimile Service and/or to allow personal computer access capability in connection with appropriately installed network interface facilities.

**A7.1.4 Message Charges**

- A. Local messages placed within the basic local calling area from public telephones located in public assisted housing projects, hospitals and nursing homes are charged for as follows. Local messages placed within the basic local calling area from public telephones at other locations are charged for as follows. Emergency calls completed through dialing 911 or the "O" operator are at no charge to the customer.

1. Telephones located in public assisted housing projects, hospitals and nursing homes		\$372.00	BLANK
(a) Each five minutes or fraction thereof		\$ .10	NA
2. Telephones at other locations			
(a) Each five minutes or fraction thereof		.25	NA
B. Local messages from all public telephones placed to the Expanded Local Calling Area are charged as specified in A3.32 of this Tariff and intraLATA toll messages are charged as specified in A18.3 of this Tariff.			

**A7.1.5 Reserved For Future Use**

**A7.1.6 Compensation For Space Occupied By Public Telephones**

A Commission or a Flat Rental Payment is allowed as compensation for space privileges associated with a public telephone location.

**A7. COIN TELEPHONE SERVICE**

**A7.1 Public Telephone Service (Cont'd)**

**A7.1.7 Inmate Calling Service (ICS)**

- A. Public telephones will be provided at the option of the Company for the exclusive use of inmates served within the confines of a penal, correctional, or mental institution where potential usage by inmates warrants establishing the service. The Inmate Calling Service (ICS) "administrator" is the executive officer or person designated by the executive officer of the penal, correctional, or mental institution.
- B. Subject to other applicable provisions of this Tariff, the following provisions also apply to public ICS lines:
1. May be arranged for outward only calling.
  2. May be arranged by the administrator to terminate calls after a certain amount of conversation time or in cases of emergency in accordance with any Rules or Regulations of the Commission. The Company will not provide credit or equivalent service to the called or calling parties for such calls.
  3. Shall be arranged to block *Directory Assistance* calls.
  4. Unrestricted public telephone service may be provided at the administrator's request in a fully supervised location.
  5. Shall be arranged to allow only 0+ collect calls for local, intraLATA, and interLATA calls and to block all other calling including, but not limited to, local direct, credit card, third number, 1+ sent-paid, 0+ sent-paid, 0-sent-paid, all 0-, 700, 800, 900, 976, 950, 911, 10XXX, and 101XXX. Where, however, the Company can block additional digit dialing after initial call set-up, 1+ long distance and seven digit local calling may be permitted upon request of the administrator.
  6. May be arranged for seven digit sent-paid local calling and for 0+ collect calling for intraLATA, and interLATA calling.
  7. May be arranged by the administrator to limit individual inmate calls to approved telephone numbers.
  8. May be arranged by the administrator to block access to certain telephone numbers.
  9. At the request of the facility administrator, call detail information, such as date and time of call, duration of calls, and called and calling telephone numbers, may be furnished to the facility where prison authorities stipulate such information appropriate in preventing or identifying abuse or unlawful use of service and where the prison authorities stipulate that the provision of such information is not in violation of any federal, state or local laws, regulations or orders.
- C. At the request of the facility administrator, the Company may provide inmates with the capability to make local calls to public defender telephone numbers at no charge. Such calls will be charged to the administrator at the local message charges specified in A7.1.4 of this Tariff.
- D. A notice shall be conspicuously displayed near ICS telephones which notifies inmates that the prison facility may monitor, time and restrict service from such phones and that information, such as date and time of call, duration of call, and originating and terminating number, may be furnished to the facility, and further, that the use of these telephones constitutes consent to this service.
- E. Where facilities permit, ICS may be arranged to detect Three Way Calling. At the request of the facility administrator, when Three Way Calling is detected, the call may be disconnected. No credit will be given if such a call is disconnected.

**A7. COIN TELEPHONE SERVICE****A7.4 Access Line Service For Customer-Provided Public Telephones****A7.4.1 Definition And Requirements**

- A. Access line service for customer-provided public telephones is an exchange line service provided at the request of a subscriber or telecommunications use by the general public.
1. This access line service is provided on a flat rate basis.
  2. This access line service is provided for use with customer-provided noncoin-operated public telephones or customer-provided coin-operated public telephones.
  3. Completion of local messages is provided by the Company.
  4. The subscriber shall be responsible for the installation, maintenance and operation of customer-provided public telephones used in connection with this service.
  5. Customer-provided public telephones must be connected to the Company network in compliance with Part 68 of the F.C.C. Rules and Regulations.
  6. The service is furnished subject to the condition that all applicable regulations in Section A2. of this Tariff will be adhered to, with the exception of A2.2.1.a. and A2.2.1.b., which restrict the use of service and prohibit payment to the customer by another for use of the service.
  7. The service is provided for use by the subscriber but may be used by others when so authorized by the subscriber, provided that all such usage is subject to the provisions of this Tariff.
  8. This service is not subject to concessions.
  9. This service may not be suspended at a reduced rate.
  10. Access line service for customer-provided public telephones can not be included on accounts containing other classes of service. A separate account is required for this offering at each location.
  11. This access line may include an optional screening feature to prevent the operator from allowing toll charges against the subscriber's line. *With the exception of SmartLine® service provided in A7.8 of this Tariff*, the operator also cannot perform coin collecting functions.
  12. With the exception of Coin Refund and Repair Referral Service (CRS) provided in A7.10 of this Tariff, the Company is not responsible for refunds of coins deposited in customer-provided coin-operated public telephones.
  13. *With the exception of SmartLine® service provided in A7.8 of this Tariff*, customer-provided public telephones may not be attached to other types of access lines.
  14. The subscriber to this service will be responsible for any and all toll charges billed to the subscriber's account.

**A7. COIN TELEPHONE SERVICE****A7.4 Access Line Service For Customer-Provided Public Telephones (Cont'd)****A7.4.1 Definition And Requirements (Cont'd)****A. (Cont'd)**

15. The following public service considerations are applicable to Customer-Provided Public Telephones:
- a. All customer-owned instruments must be registered under Part 68 of the FCC Regulation Program to be connected to the Exchange Network.
  - b. Must apply for and receive a Certificate of Authority to Operate number from the Louisiana Public Service Commission (LPSC), as required by LPSC General Order dated March 30, 1995, before the Company connects the public telephone access line(s). Proof of Certification must be furnished to the Company.
  - c. The instruments must be able to accommodate the hearing impaired and handicapped persons.
  - d. The instruments must be installed in compliance with the National Electrical Safety Code.
  - e. There shall be no charge to the station user for Directory Assistance calls dialed (1+411 and 1+555-1212) from a ten-cent customer-provided public telephone. The charge to the station user for Directory Assistance calls (1+411 and 1+555-1212) from any other customer-provided public telephone is not to exceed the maximum amount authorized by the Commission for a Company coin telephone in that exchange.
  - f. Non-chargeable Operator, 911 and 800 numbers, must be able to be made without a coin deposit, and with no time limitation.
  - g. Emergency numbers (Operator Assistance and 911) must be clearly posted at each instrument location.
  - h. Information must be displayed on the instrument consisting of
    - (1) the Certificate of Authority to Operate number issued by the Louisiana Public Service Commission,
    - (2) the address and telephone number where a caller can obtain assistance in the event the instrument malfunctions in any way, and
    - (3) procedures for obtaining a refund from the owner.
  - i. The instruments must have any and all operating instructions posted thereon.
  - j. The charge to initiate a local call is not to exceed the maximum amount authorized by the Commission for a Company coin telephone in that exchange *including those stations located in public assisted housing projects, hospitals, and nursing homes.*
  - k. Coins must be returned by the instruments for any incomplete calls.
  - l. All repairs shall be performed on the instruments, within a reasonable amount of time, the responsibility for which is placed upon the owner of the telephone.
  - m. The time limitation on a local call from a coin instrument will be the same as that which is provided in South Central Bell's General Subscriber Services Tariff.
  - n. A subscriber must order a separate public access line for each instrument installed and will be billed the tariff rate for each such access line.
  - o. In order to protect the public access line user's right to privacy, the customer-provided instrument must be capable of disabling any extension telephone also on the line during the time the public telephone is in use.
  - p. Local telephone directories shall be provided by the instrument owner for each access line capable of completing local calls.
  - q. Violations of Commission rules pertaining to public telephone service, of these guidelines and certification requirements contained in this Order will subject these access lines to disconnection of service if the deficiency is not corrected within ten (10) days from the date of notification to the subscriber.
16. For customers subscribing to Caller ID - Deluxe, as specified in A13.19.2.H. of this Tariff, if the incoming call originates from a customer-provided public telephone, the name information transmitted will always be "Pay Phone".

**A107.2.1 Definition And Requirements**

Obsoleted 10/01/96, Type B. - Not available for new installations, additions or on transfers of service to new locations. (M)(T)

- A. Semipublic telephone service is that class of individual line business exchange service furnished in locations which in the judgment of the Company are reasonably accessible to the public. It is not intended as a substitute for other service or as a means of providing an alternative service at a lower charge. Semipublic telephones are furnished if the nature and amount of usage indicates that it is suited to meet requirements at the following types of locations, and at the option of the Company. (M)
- 1. Where there is an appreciable demand for service on the part of transients but where, in the opinion of the Company, the installation of a public telephone is not warranted. (M)
- 2. Where there is a collective use of the service by a relatively stable body of guests, members of clubs or transients. (M)
- 3. Where the demand for service is for a combination of customer and transient usage. (M)
- B. Subscribers may display telephone signs furnished by the Company and allow the use of the station to the general public. (M)
- C. The Company may terminate service at locations where in its judgment losses by theft are likely to occur, unless the subscriber executes an agreement to indemnify the Company against such losses. (M)
- D. Semipublic service will be equipped with or without a coin box. (M)
- E. The Company has the right to require the subscriber to redeem all slugs and spurious, mutilated or foreign coins deposited in the coin collecting device at the value for which they were deposited therein and to make good all losses due to theft or fraudulent practices. In the event the subscriber refuses to redeem such slugs and spurious, mutilated or foreign coins or to make good all losses due to theft or fraudulent practices, Company may forthwith disconnect and remove its telephone and coin collecting device. (M)
- F. The Company may, at its option, terminate this service to a subscriber when the amount of usage is considered insufficient for its continued provision. (M)
- G. Non-coin semipublic service is furnished to a subscriber upon the condition that use of the service by others shall not be made subject to any charge by the subscriber in addition to the rates and charges of the Company as set forth in applicable tariffs. (M)
- H. For customers subscribing to Caller ID - Deluxe, as specified in A13.19.2.H. of this Tariff, if the incoming call originates from a Company semipublic telephone, the name information transmitted will always be "Pay Phone". (M)(T)

**A107.2.2 Coin Box Semipublic Service**
