Dear Ms. Flynn:

In accordance with our recent conversation, attached are the corrected copies of Exhibit 1 and Exhibit 3, for the new or modified 18 GHz OFS facility applications referenced above.

The original exhibits provided by Comsearch contained a typographical error in the emission designator to be used. The designators 5M75C3F, 25K0F3E and NON and should be replaced with the attached. The correct emission designators should be 5M75C3F, 250K0F3E, and 100KNON.

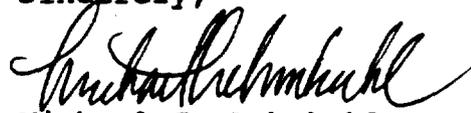

Ms. Bonnie Flynn
March 21, 1995
Page 2

I have also enclosed a letter from Comsearch certifying that these changes are typographic only and do not affect the frequency coordination already performed for the above-referenced facilities.

In addition, for your convenience, I have enclosed a check sheet which identifies each application to be amended. It is my understanding that these facilities will need to go through the public notice period once again. Since many of these applications have been pending for almost three months, any assistance you could provide in expediting their processing would be greatly appreciated.

If you need anything further or if you have any questions, please contact me on the number above. Thank you.

Sincerely,

Michael J. Lehmkuhl
Attorney for
Liberty Cable Co., Inc.

RE: Liberty Cable Television
Emission Designator Correction
for 18 GHz AML Video Systems

Dear Sir or Madam:

Comsearch has been notified of a typographical error of the emission designator that appeared on path data sheets for all of the Liberty Cable studies completed by Comsearch during the past five months. This typographical error does not effect the results of our original engineering analysis.

Enclosed are the revised path data sheets which reflect the corrected emission designator and a client copy of the minor change prior coordination letter. Also enclosed is the Part 21.100(d) supplemental showing denoting compliance with Rule Part 21.100(d) prior coordination procedures.

Comsearch has identified the source of this error and has established new procedures to prevent this from reoccurring. I apologize for any inconvenience this may have caused your organization. Please review the information carefully. Should you notice any discrepancies, have any questions, or require additional information, please call me at (703) 476-2620.

Sincerely,

COMSEARCH

RE: Liberty Cable Television
18 GHz AML Video Microwave System
Minor Changes to PCN's dated 09/26/94, 10/13/94, 11/16/94
1/12/95, 2/16/95

Dear Sir or Madam:

On behalf of Liberty Cable Television, we are forwarding the attached coordination data for minor changes on the microwave system referenced above.

Please note a change of the emission designator. These changes have been underlined for your convenience.

Pursuant to FCC Rule Part 21.23, these changes are considered minor. Please consider this an information only notice and no response to this notice is required.

If you have any questions or require additional information, please call me at (703) 476-2620.

Sincerely,

Comsearch
