TECHNICAL EXHIBIT
 PREPARED FOR
 EDUCATIONAL RADIO FOUNDATION OF EAST TEXAS, INC.
 WHITE OAK, TEXAS

Technical Statement

This statement and the attached figure have been prepared on behalf of Educational Radio Foundation of East Texas, Inc. (herein "ERFET"). ERFET has on file with the Commission a pending application for a new non-commercial, educational FM station on Channel 219A to serve White Oak, Texas (BPED-961217ME).

As shown in ERFET's application, its proposal is mutually exclusive with three other pending applications. The purpose of this exhibit is to demonstrate that two of these applications, both filed by the American Family Association, are mutually exclusive with one another. Below are the FCC FM database entries for the two American Family Association applications:

Call	City Name	State	Country	Channel	Class	MHz			
NEW	Longview	TX	US	219	A	91.7

The 60 dBu [F(50,50)] and 40 dBu [F(50,10)], protected and interfering contours (per 47 CFR 73.509(a)) for these two proposed facilities are shown on the attached Figure 1. As can be seen from Figure 1, there is substantial overlap of the protected and interfering contours of the two stations.

The predicted protected and interfering contours were calculated in accordance with the provisions of 47 CFR 73.313. In accordance with current FCC practice, no consideration was given to terrain roughness correction factors.

The average terrain elevations from 3 to 16 kilometers from the proposed sites along 24 radials, evenly spaced at 15-degree intervals beginning with True North, were determined using the N.G.D.C. 30-second terrain database. The antenna radiation center heights above average terrain in the individual radial directions and the corresponding effective radiated powers were used in conjunction with the F(50,50) and F(50,10) curves of 47 CFR 73.333 (Figure 1 and

FIRST MOTION OF EDUCATIONAL RADIO
FOUNDATION OF EAST TEXAS, INC.
TO ENLARGE THE ISSUES
and
MOTION TO CLARIFY THE ISSUES

Document Production Request

Educational Radio Foundation of East Texas, Inc. (the "Foundation" or "Radio") by its undersigned Counsel hereby advances its **DOCUMENT PRODUCTION REQUEST** in

conjunction with its **First Motion of Educational Radio Foundation of East Texas, Inc. to Enlarge the Issues**. The Foundation hereby seeks production of the following documents:

1. All documents on which Family is relying or will rely to establish that it was, has been and is, financially qualified to construct and operate its proposed Marksville station and all other stations for which Family has had an application or permit since the date on which Family's Marksville application was signed.
2. All documents depicting how Family intended to finance construction and operation of the above described stations.
3. All document reflecting the costs and all documents reflecting how costs were determined, if they were, for each of the stations described in #1 above.
4. Copies of all broadcast scripts or printed material which involved the solicitation of funds since the date on which the Marksville application was signed.
5. Copies of balance statements, income statements and other financial statements for each year, commencing two years before the Marksville application was signed.
6. Copies of any over-due notices sent by any creditor.
7. Copies of every budget, including all drafts thereof, for each year since the Marksville application was signed.
8. Copies of all materials that describe or reflect how Family determines to file an application for a particular location and who decides to file the application.
9. Copies of financial statements of every non-financial institution source on which Family may rely for funding for any proposed station described in #1 above and every letter of commitment of funds.

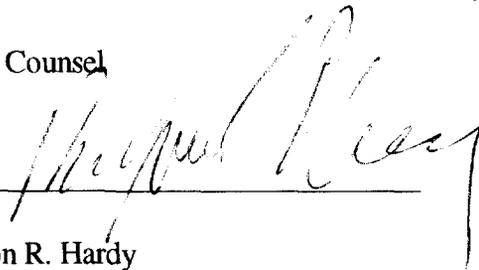

10. Copies of all correspondence and other documents that relate to how Family proposes to serve Marksville without a main studio located within the principal community contour.

The Documents shall be produced to the undersigned Counsel in New Orleans on or before such date as may be set by the Presiding Judge, in accors with the rules of the Commission.

Respectfully Submitted,

Educational Radio Foundation of East Texas, Inc.

By its Counsel

FIRST MOTION OF EDUCATIONAL RADIO
FOUNDATION OF EAST TEXAS, INC.
TO ENLARGE THE ISSUES
and
MOTION TO CLARIFY THE ISSUES

Other Discovery Requests

Educational Radio Foundation of East Texas, Inc. (the "Foundation" or "Radio") by its undersigned Counsel hereby advances its **Other Discovery Requests** in conjunction with its **First Motion of Educational Radio Foundation of East Texas, Inc. to Enlarge the Issues.**

The Foundation hereby gives notice that it intends to take the deposition, with respect to each added issue, of the following persons:

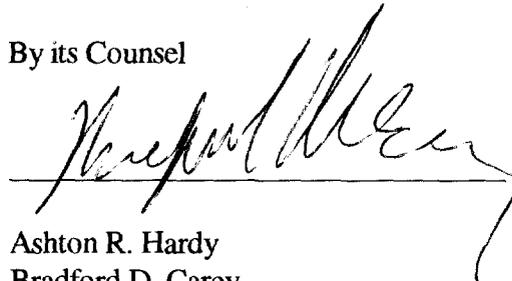

1. The President of Family
2. The engineer that prepared the Marksville and each other co-pending application of Family.
3. The chief financial officer of Family
4. Each Member of the Board of Directors of Family
- 5, such other persons as may be identified by Family as being involved in determining that Family is financially qualified.

Additionally, Radio intends to seek admissions of fact.

Respectfully Submitted,

Educational Radio Foundation of East Texas, Inc.
