

- 60.2 Appended to this Agreement and incorporated herein are the Attachments listed below. To the extent that any definitions, terms or conditions in any given Attachment differ from those contained in the main body of this Agreement, those definitions, terms or conditions will supersede those contained in the main body of this Agreement with the exception of Section 9.0 (Payments of Rates and Charges), but only in regard to the services or activities listed in that particular Attachment. In particular, if an Attachment contains a term length that differs from the term length in the main body of this Agreement, the term length of that Attachment will control the length of time that services or activities are to occur under the Attachment, but will not affect the term length of the remainder of this Agreement, except as may be necessary to interpret the Attachment.

## **ATTACHMENT 1: RESALE**

All services made available to Sprint by SWBT for resale pursuant to the Agreement (Resale services) will be subject to the terms and conditions set forth in the Agreement and in this Attachment 1: Resale, and in its appendices Services/Pricing, Customized Routing - Resale, DA - Resale, OS - Resale and White Pages - Resale, (collectively referred to as "Attachment Resale" or "this Attachment").

### **1.0 General Requirements**

- 1.1 At the request of Sprint, and pursuant to the requirements of the Act, any telecommunications service that SWBT currently provides or hereafter provides at retail to subscribers who are not telecommunications carriers (including but not limited to the Resale services set forth in Appendix Services/Pricing attached hereto), will be made available to Sprint by SWBT in accordance with the terms and conditions set forth in the Agreement and this Attachment 1: Resale.
- 1.2 SWBT will apply an End User Common Line (EUCL) charge to each local exchange line resold under this agreement. All federal rules and regulations associated with EUCL charges, as found in Tariff FCC 73, also apply.
- 1.3 SWBT will make available to Sprint for resale Customer Service Contracts, (e.g., FDDI), Enhanced Directory Listings, Prepaid Calling Card, Joint User Services and all listed services contained in Exhibits A and B to Appendix Services/Pricing of this Attachment at the wholesale discount rates shown therein. Except as otherwise expressed herein, SWBT also will make available for resale to Sprint at the wholesale discount rate any other Telecommunications Services offered by SWBT and not listed in Exhibits A and B to Appendix Services/ Pricing.
- 1.4 SWBT will make available to Sprint for resale SWBT's Bill Plus and Consolidated Billing service at a discount of five per cent (5%) off of SWBT's tariffed rate for each service (or in the event either of these services is not tariffed, at the rate SWBT charges its subscribers).
- 1.5 SWBT will make available to Sprint for resale the following SWBT services at SWBT's tariffed rate for each service (or in the event a service is not tariffed, at the rate SWBT charges its subscribers, except as otherwise provided herein):

- Construction Charges

- Connections with Terminal Equipment and Communications Systems
- Maintenance of Service Charges
- Suspension Services
- Telecommunications Service Priority Systems
- Access Services
- Wireless Carrier Interconnection Services
- Exchange Connection Services

1.5.1 Suspension of Service discounts apply to the discounted rate for the underlying service.

1.6 The following services are not being made available by SWBT to Sprint for resale.

- BDS/LAN
- Customer Provided Equipment
- Customized Billing Reports
- Inline® Products
- Inside Wiring
- Semi-Public Telephone Booths and Enclosures
- 911 Universal Emergency Number Equipment

1.7 Services priced on an Individual Customer Basis (ICB), e.g., Plexar Custom, will not be offered at a discount below cost as determined by the Commission.

1.8 Telecommunications Services will be resold by SWBT to Sprint on terms and conditions that are reasonable and nondiscriminatory.

1.9 Directory Assistance and Operator Services.

Specific provisions, requirements and prices concerning Directory Assistance, Operator Services and related services are set forth in Appendix Directory Assistance/Operator Services, attached hereto.

1.10 Directory Listings Requirements.

Specific provisions, requirements and prices concerning Directory Listings are set forth in Appendix White Pages - Resale, attached hereto.

1.11 Unless otherwise provided in this Agreement, SWBT will perform all of its obligations hereunder throughout the entire service area where SWBT is the incumbent local

exchange carrier. SWBT will provide the services covered by this Attachment subject to the availability of facilities in this state on a nondiscriminatory basis with its other customers.

- 1.12 Sprint may at any time add or delete features to or relocate the Resale services for Sprint's customers except for grandfathered services. However, Sprint may only offer grandfathered services to customers that are eligible to receive grandfathered services from SWBT.
- 1.13 Sprint may terminate any Resale service within the period specified for termination of such Resale service in SWBT's tariff applicable to that service, unless a different period is specified in this Attachment 1: Resale.

## 2.0 **Branding**

- 2.1 Sprint is free to brand the Resale services that SWBT provides to Sprint under the provisions of this Agreement. SWBT will not brand such Resale services provided to Sprint under this Agreement as being SWBT's services. Certain SWBT retail services that utilize electronic branding are subject to the further provisions of Section 2.1.1 below.
  - 2.1.1 SWBT offers certain retail services that utilize electronic branding to designate the services as SWBT retail services. Subject to applicable law, to the extent such services are made available for resale to Sprint customers, SWBT agrees to rebrand such services as Sprint services or to offer without a brand at Sprint's request. SWBT will review such requests in a timely manner. Sprint agrees to reimburse SWBT for its costs associated with service technical modifications necessary for such services to be unbranded or rebranded, including costs to expedite the service availability to meet Sprint needs. Sprint must accept the costs in writing before unbranding or rebranding technical modifications are performed and implemented.
- 2.2 Sprint will provide the exclusive interface to Sprint Customers in connection with the marketing, offering or provision of Sprint services, except as otherwise provided in this Agreement. In those instances where SWBT personnel interface directly with Sprint customers in connection with providing Resale services to Sprint, orally (either in person or by telephone) or in writing, such personnel will identify themselves as acting on behalf of the customer's "local service provider".
- 2.3 Branding provisions concerning SWBT's furnishing of all forms, business cards or other business materials to Sprint customers in connection with the ordering and provisioning

and maintenance of Resale services provided for in this Agreement are contained in Attachments 2 and 3 of this Agreement.

3. **Primary Local Exchange Carrier Selection Charge**

- 3.1 The price of converting an end user currently receiving service from the SWBT network without any changes to SWBT's network will be based upon a forward looking incremental cost study. Until such a study has been approved by the Commission, for non-complex orders, these charges will be priced at \$5.00 on an interim basis, subject to the true-up as ordered by the Commission in Cause No. PUD 960000218. When a conversion order includes adds or changes to the SWBT network, the conversion rate plus appropriate nonrecurring charges for such changes will apply. These nonrecurring charges will be charged at a discount for those services listed in the exhibits to this attachment. Complex order charges will be handled as determined in future cost proceedings or in the AT&T arbitration results, whichever comes first.

4. **Pricing**

- 4.1 Except as set forth in Appendix Directory Assistance and Operator Services, the prices charged or discounts applied to Sprint for Resale service are set forth in Appendix Services/Pricing.
- 4.2 For promotions of more than ninety (90) days, SWBT will make the services available at the wholesale discount from the promotional rate.

5.0 **Conditions of Service**

- 5.1 For services included in this attachment, the rules, regulations, and use limitations associated with the corresponding tariffs apply except for applicable resale restrictions, which are offered through tariffs by SWBT to its end user and except as otherwise provided herein.
- 5.2 Sprint shall only sell Plexar services to a single end user or multiple end users on continuous properties.
- 5.3 Except where otherwise explicitly provided in the corresponding tariff, Sprint shall not permit the sharing of a service by multiple end users or the aggregation of traffic from multiple end users onto a single service or except where SWBT permits such sharing by its own end users.

- 5.4 Sprint shall resell these services only to the same class of customers to which SWBT sells the services, e.g., residence service may not be resold to business customers. Sprint may only resell Lifeline Assistance, Link-Up, and other like services to similarly situated customers who are eligible for such services. Further, to the extent Sprint resells services that require certification on the part of the buyer, Sprint will ensure that the buyer has received proper certification and complies with all rules and regulations as established by the Commission.
- 5.5 SWBT is not required to make services available for resale at wholesale rates to Sprint for its own use. Such use would include provision of services to any Sprint entity dedicated or predominately dedicated to performing LSP services.
- 5.6 Sprint will not use the Resale services covered by this Agreement to provide intrastate or interstate access services or to avoid intrastate or interstate access charges to itself, interexchange carriers (IXCs), wireless carriers, competitive access providers (CAPs), or other telecommunications providers. Provided however, that Sprint may permit its end users to use resold Resale services to access IXCs, wireless carriers, CAPs, or other retail telecommunications providers.
- 5.7 SWBT shall provide the services covered by this attachment subject to the availability of such services.
- 5.8 If Sprint is in violation of a provision of this attachment, SWBT shall notify Sprint of the violation in writing. Such notice must refer to the specific provision being violated. At such time, if Sprint agrees a violation occurred, it will have thirty (30) days to correct the violation and notify SWBT in writing that the violation has been corrected. SWBT will then bill Sprint for the charges which should have been collected by SWBT at the SWBT retail rate for the stated violation. Should Sprint dispute the violations, it must notify SWBT in writing within fourteen (14) days. Disputes shall be resolved as outlined in the Dispute Resolution Section of this Agreement.
- 5.9 Sprint will not, without SWBT's written authorization, offer the resale services covered by this Attachment using the trademarks, service marks, trade names, brand names, logos, insignia, symbols or decorative designs of SWBT or its affiliates, nor shall Sprint state or imply that there is any joint business association or similar arrangement with SWBT in the provision of telecommunications services to its own customers. Sprint may brand services included in this Attachment with its own brand name, but SWBT will not provide for Sprint branding of those services, except as outlined herein.
- 6.0 **Dialing Parity**

For all call types associated with the Resale services provided to Sprint by SWBT under this Agreement: (i) a Sprint Customer will not be required to dial any greater number of digits than a similarly-situated SWBT customer; (ii) the post-dial delay (time elapsed between the last digit dialed and the first network response), call completion rate and transmission quality received by a Sprint Customer will be at least equal in quality to that received by a similarly situated SWBT customer; and (iii) the Sprint Customer may retain its local telephone number. End users of Sprint and end users of SWBT will have the same exchange boundaries and will be able to dial the same number of digits when making a “local” call and activating feature functionality.

7.0 **Maintenance**

Maintenance will be provided by SWBT in accordance with the service parity requirements set forth in this Attachment 1: Resale and the requirements and standards set forth in Attachment 3: Maintenance-Resale.

8.0 **Changes in Retail Service**

SWBT will notify Sprint, as described in the Section 31.2 of General Terms and Conditions to this Agreement, of any changes in the prices, terms and conditions under which SWBT offers telecommunications services at retail to subscribers who are not telecommunications service providers or carriers, including, but not limited to, the introduction of any new features, functions, services, promotions, or the discontinuance of current features or services.

9.0 **Billing for Local Service**

9.1 SWBT will bill Sprint for Resale services provided by SWBT to Sprint pursuant to the terms of this Attachment, and in accordance with the terms and conditions contained in Attachment 4: Connectivity Billing - Resale.

9.2 SWBT will recognize Sprint as the customer of record for all Local Service and will send all notices, bills and other pertinent information directly to Sprint. Sprint’s responsible for the payment of charges for all services furnished by reason of this Attachment.

10.0 **Operational Requirements**

10.1 SWBT will provide operational interfaces to Sprint for Resale services pursuant to the terms of this Attachment, and in accordance with the terms and conditions contained in

Attachment 2: Ordering and Provisioning-Resale.

- 10.2 SWBT will provide usage information to Sprint for Resale services pursuant to the terms of this Attachment, and in accordance with the terms and conditions contained in Attachment 5: Customer Usage Data-Resale.
- 11.0 **Service/Operation Readiness Testing**
- 11.1 In addition to testing described elsewhere in this Attachment, the Parties will test the systems used to perform the non-exclusive list of functions shown below in order to establish appropriate system readiness capabilities:
- 11.1.1 All interfaces between Sprint and SWBT work centers for Pre-Service Ordering, Ordering, Provisioning, Maintenance, Connectivity Billing, Local Disconnect Report, and Usage Data Transfer.
- 11.2 The functionalities identified above will be tested in order to determine whether SWBT's performance meets the applicable service parity requirements and other performance standards set forth herein. SWBT will make available sufficient technical staff to perform such testing. SWBT technical staff will be available to meet with Sprint as necessary to facilitate testing. SWBT and Sprint will mutually agree on the schedule for such testing.
- 11.3 At Sprint's request, SWBT will provide to Sprint any results of the testing performed pursuant to the terms of this Agreement. Sprint may review such results and may notify SWBT of any failures to meet the requirements of this Agreement and this Attachment 1: Resale.
- 11.4 During the term of this Agreement, SWBT will participate in mutually agreed upon cooperative testing requested by Sprint whenever it is deemed necessary by Sprint to ensure service performance, reliability and customer serviceability.

## **APPENDIX SERVICES / PRICING**

- 1.0 This Appendix Services/Pricing describes several services which SWBT will make available to Sprint for resale pursuant to the Agreement and Attachment 1: Resale. This list of services is neither all inclusive nor exclusive. All services or offerings of SWBT which are required to be offered for resale pursuant to the Act are subject to the terms herein, even if not specifically enumerated or described in this Appendix.
- 2.0 **PLEXAR Families of Services Requirements**
- 2.1 Sprint may purchase the entire set PLEXAR families of services and features or a subset of any one or any combination of such features in conjunction with PLEXAR services. CENTREX is a Grandfathered Service and Sprint may only offer it to customers that are eligible to receive CENTREX from SWBT. The PLEXAR families of services provided for resale will meet the following requirements:
  - 2.1.1 All features and functions of PLEXAR families of services, whether offered under tariff or otherwise, will be available to Sprint for resale, subject to existing tariff language regarding contiguous property limitations which has been found reasonable by the Commission.
- 2.2 Sprint may be required to pay a charge, for the cost of suppressing the need for Sprint Customers to dial "9" when placing calls outside the PLEXAR families of services.
- 2.3 Sprint may use off-premises extensions in conjunction with the Private Line Services and PLEXAR families of services to provide service to Sprint Resale service customers having locations outside of the geographic territory in which SWBT provides local exchange service as the incumbent LEC.
- 2.4 Sprint may purchase any and all levels of PLEXAR families of services (e.g., Plexar I, Plexar II, or Plexar Custom) for resale.
- 2.5 SWBT will furnish PLEXAR Custom services to Sprint for resale subject to Section 2.1.1 of this Appendix. SWBT's provision of PLEXAR Custom will be as specified in this paragraph. SWBT will offer Sprint the same price SWBT provides to its Customers. In addition, SWBT will provide Sprint with the same technical and system design support that SWBT makes available to SWBT's PLEXAR Custom sales teams and agents. Such support will be provided by SWBT to Sprint with the same quality and timelines that SWBT provides to SWBT's PLEXAR sales teams and agents. Access to appropriate training for PLEXAR Custom sales and sales support will be provided to Sprint by

SWBT at a reasonable price, mutually acceptable to SWBT and Sprint.

**3.0 CLASS and Custom Features Requirements**

3.1 Sprint may purchase the entire set of CLASS and Custom features and functions, or a subset of any one or any combination of such features, including packages (e.g., “The Works”), without restriction on the minimum or maximum number of lines or features that may be purchased for any one level of service. Sprint may bundle any services so purchased for purposes of resale to its customers. SWBT will provide to Sprint a list of all services and features. As requested by Sprint, SWBT will provide a definition of these services and features and how they interact with each other to the extent such information is not otherwise publicly available. To the extent this information provided by SWBT differs from the tariff, the tariff prevails. SWBT will provide all features and services pursuant to the provisions of Attachment 2: Ordering and Provisioning - Resale.

**4.0 Voluntary Federal Customer Financial Assistance Programs**

4.1 Local Services provided to low-income subscribers, pursuant to requirements established by the appropriate state regulatory body, include programs such as Voluntary Federal Customer Financial Assistance Program and Link-Up America . When such SWBT customers choose to obtain Resale service from Sprint, SWBT will confirm such customers’ eligibility to participate in such SWBT programs to Sprint, in electronic format in accordance with the procedures set forth in Attachment: Ordering and Provisioning - Resale. Sprint is responsible for ensuring that its customers to whom it resells SWBT’s Voluntary Federal Customer Financial Assistance Programs services are eligible to receive same.

**5.0 E911/911 Services**

5.1 Where available SWBT will afford Sprint’s customers with resold lines the ability to make 911 calls. Sprint will pay the appropriate PSAP applicable 911 surcharges (as defined by the appropriate Oversight Body) on resold lines. Where requested by SWBT, Sprint will provide SWBT with accurate and complete information regarding its customers in a format and time frame prescribed by SWBT for purposes of 911 administration. SWBT will provide to Sprint, for Sprint Customers, E911/911 call routing to the appropriate PSAP. SWBT will make Sprint Customer information available to the appropriate PSAP. SWBT shall use its service order process to update and maintain, on the same schedule that it uses for its Customers, the Sprint Customer service information in the ALI/DMS (Automatic Location Identification/Location Information Database) used to support E911/911 services.

**6.0 Services to Disabled Customers**

6.1 SWBT agrees any services it offers to disabled customers will be made available to Sprint for its customers who qualify as disabled customers. When a SWBT Customer eligible for services offered to disabled customers chooses to obtain Resale services from Sprint, SWBT will make all information regarding such customer's eligibility for disabled services available to Sprint, in electronic format in accordance with the procedures set forth in Attachment 2: Ordering and Provisioning - Resale. Sprint is responsible for ensuring that its customers to whom it resells SWBT's disabled services are eligible to receive same.

7.0 **Telephone Relay Service**

7.1 Where SWBT provides to speech and hearing-impaired callers a service that enables callers to type a message into a telephone set equipped with a keypad and message screen and to have a live operator read the message to a recipient and to type the message recipient's response to the speech or hearing-impaired caller ("Telephone Relay Service"), SWBT will make such service available to Sprint at no additional charge above what SWBT end users are required to pay, for use by Sprint customers who are speech or hearing-impaired. If SWBT maintains a record of customers who qualify under any applicable law for Telephone Relay Service, SWBT will make such data available to Sprint as it pertains to Sprint Resale service customers.

8.0 **Lifeline Services**

8.1 "Lifeline Services" are Resale services provided to low-income subscribers, pursuant to requirements established by the appropriate state regulatory body. SWBT agrees that any Lifeline Services it offers to customers will be available to Sprint for customers who meet such eligibility requirements.

8.2 When a SWBT Lifeline Services customer chooses to obtain Resale service from Sprint, SWBT will confirm such SWBT customer's Lifeline Service eligibility to Sprint, in electronic format in accordance with the procedures set forth in Attachment 2: Ordering and Provisioning - Resale. Sprint is responsible for ensuring that its customers to whom it resells SWBT's Lifeline Services are eligible to receive same.

9.0 **Advanced Intelligent Network**

9.1 Sprint may purchase those Advanced Intelligent Network ("AIN") Telecommunication Services SWBT offers at retail, under tariff or otherwise, to subscribers who are not telecommunications carriers.

9.2 All service levels, features and function components of AIN provided by SWBT and

offered for resale by Sprint will be provided by SWBT at parity with the same services SWBT offers to its own customers.

- 9.3 Sprint may purchase any and all levels of AIN service for Resale services, without restriction on the minimum or maximum number of lines or features that may be purchased for any one level of service where technically feasible.
- 10.0 **Pay Phone Services**
- 10.1 "Pay Phones" are defined as telephone sets which are available to the public for use in sending and/or receiving telephony services. These phones may be activated by depositing coins into said sets, or non-coin sets which limit the public's billing options to pay for telephony based services.
- 10.2 "Pay Phone Service" is defined as the provision of public or semi-public pay telephones, the provision of inmate telephone service in correctional institutions, and any ancillary services. Pay phone lines are defined as the loop from the pay phone instrument to the Serving Wire Center. Such lines may be attached to semi-public phones.
- 10.3 SWBT will allow Sprint to purchase for resale semi-public service, as well as associated services, for the purpose of resale to a Sprint customer. Sprint and SWBT may negotiate terms and conditions for the resale of semi-public phone service through separate negotiations and will utilize the arbitration process as outlined in the General Terms and Conditions section of this agreement should the parties not reach agreement. Such requests for negotiations may not occur prior to 6/1/97.
- 10.4 SWBT will make provisions for and allow Sprint to select, when available, its preferred carrier for intraLATA, interLATA, and international telephony services on behalf of the owner of the pay phone service.
- 10.5 SWBT will make available to Sprint any and all technology related to semi-public services, unless expressly mandated otherwise by applicable Federal or State Regulatory rules. When such situations occur, SWBT will work cooperatively with Sprint to establish a mutually agreeable solution of such ruling.
- 10.6 SWBT will provide Sprint all appropriate screening functions and features to minimize fraud potential from semi-public phones.
- 10.7 SWBT will provide Sprint all appropriate functions and features to allow premises owners of semi-public phones to restrict billing and call-blocking services from said phones. An example of such a feature is Selective Class of Call Screening.

- 10.8 SWBT will provide Sprint all options related to semi-public phones it provides to subscribers of services.
- 10.9 SWBT will forward all local coin calls originated from Sprint semi-public lines to the designated Sprint line or trunk group for handling.
- 10.10 SWBT will not be entitled to or receive additional compensation for use of pay phones for local or intraLATA telephone services without a corresponding reduction in compensation.
- 11.0 **Call Trace**
- 11.1 Sprint end user's activation of Call Trace shall be handled by the SWBT Call Trace Center (CTC). SWBT shall notify Sprint of requests by its end users to provide the call records to the proper authorities. Subsequent communications and resolution of the case with Sprint's end users (whether that end user is the victim or the suspect) will be coordinated through Sprint.
- 11.2 Sprint understands that for services where reports are provided to law enforcement agencies (e.g., Call Trace) only billing number and address information will be provided. It will be Sprint's responsibility to provide additional information necessary for any police investigation. Sprint will indemnify SWBT against any claims that insufficient information led to inadequate prosecution.
- 12.0 **Suspension Services**
- 12.1 Sprint may offer to resell Customer Initiated Suspension and Restoral Service to their customers. SWBT will offer to Sprint Company Initiated Suspension service for their own purposes. Should Sprint choose to suspend their end user through Company Initiated Suspension Service, this suspension period shall not exceed fifteen (15) calendar days. If Sprint issues a disconnect on their end user account within the fifteen (15) day period, appropriated services will not be billed for the suspension period. However, should Sprint issue a disconnect after the fifteen (15) day suspension period, Sprint will be responsible for all appropriate charge on the account back to the suspension date. Should Sprint restore their end user, restoral charges will apply and Sprint will be billed for the appropriate service from the time of suspension.
- 13.0 **Payments of Rates & Charges from a Third Party**
- 13.1 Interexchange carried traffic (e.g., sent-paid, information services and alternate operator services messages) received by SWBT for billing to resold end-user accounts will be returned as unbillable and will not be passed on to Sprint for billing. An unbillable code

returned with those messages to the carrier will indicate that the messages originated from a resold account and will not be billed by SWBT.

**14.0 Services Available for Resale and Associated Discounts**

- 14.1 Attached is Exhibit A, "List of SWBT's Telecommunications Services Available for Resale", which is a matrix that lists the services offered by SWBT which will be made available to Sprint for resale. Sprint may purchase these services at a 19.8% discount from SWBT's retail prices. Also attached is Exhibit B, "List of SWBT's Other Services Available for Resale", which is a matrix that lists other services offered by SWBT which will be made available to Sprint at the wholesale discount indicated. Any rate element incorrectly included in or omitted from either matrix will be corrected as appropriate.
