APPENDIX RESALE

Appendix RESALE

This Appendix sets forth the rates, discounts, terms and conditions for those services available for sale at retail to end users which are made available to LSPs by SWBT for resale.

1.0 Services Available for Resale

1.1 At the request of LSP, and pursuant to the requirements of the Act, any telecommunications service that SWBT currently provides or hereafter provides at retail to subscribers who are not telecommunications carriers, will be made available to LSP by SWBT in accordance with the terms and conditions set forth in the STC and this Appendix.

1.2 SWBT will make available to LSP for resale at the wholesale discount rates indicated all services contained in Exhibits A and B of this Appendix as well as any other Telecommunications Services, as defined in the federal Telecommunications Act of 1996, Section 251(c)(4), offered by SWBT and not listed in Exhibits A and B to this Appendix.

1.3 SWBT will make available to LSP for resale the following SWBT services at SWBT's tariffed rate for each service (or in the event a service is not tariffed, at the rate SWBT charges its subscribers, except as otherwise provided herein):

- Construction Charges
- Connections with Terminal Equipment and Communications Systems
- Maintenance of Service Charges
- Suspension Services
- Telecommunications Service Priority Systems
- Access Services
- Wireless Carrier Interconnection Services
- Exchange Connection Services

1.4 Suspension of service discounts apply to the discounted rate for the underlying service. LSP may offer to resell Customer Initiated Suspension and Restoral Service to its end users. SWBT will offer to LSP Company Initiated Suspension service for its own purposes at the SWBT retail tariffed rate. Should LSP choose to suspend its end user through Company Initiated Suspension Service, this suspension period shall not exceed fifteen (15) calendar days. If LSP issues a disconnect on its end user account within the fifteen (15) day period, appropriate services will not be billed for the suspension period. However, should LSP issue a disconnect after the fifteen (15) day suspension period, LSP will be responsible for all appropriate charge on the account back to the suspension date. Should LSP restore its end user, restoral charges at the SWBT retail tariffed rate will apply and LSP will be billed for the appropriate service from the time of suspension.

1.5 The following services are not being made available by SWBT to LSP for resale:

- BDS/LAN
- Customer Provided Equipment
- Customized Billing Reports
- Inline® Products
- Inside Wiring
- Semi-Public Telephone Booths and Enclosures
- 911 Universal Emergency Number Equipment

- 1.6 Services priced on an Individual Customer Basis (ICB), e.g., Plexar Custom, will not be offered at a discount below cost.
- 1.7 Grandfathered services are also available for resale at the applicable wholesale discount to the same customers to which SWBT offers the service.
- 2.0 Terms and Conditions of Service**
- 2.1 Telecommunications Services will be resold by SWBT to LSP on terms and conditions that are reasonable and nondiscriminatory.
- 2.2 For services included in this Appendix, all use restrictions and limitations and the rules and regulations contained in SWBT's tariffs apply to the LSP's end users.
- 2.3 LSP shall only sell Plexar services to a single end user or multiple end users on contiguous properties.
- 2.4 Except where otherwise explicitly provided in the corresponding tariffs, LSP shall not permit the sharing of a service by multiple end users or the aggregation of traffic from multiple end users onto a single service, except where SWBT permits such sharing by its own end users.
- 2.5 The LSP shall resell these telecommunications services only to the same class of customers to which SWBT sells the services, e.g., residence service may not be resold to business customers. LSP may only resell Lifeline Assistance, Link-Up, and other like services to similarly situated customers who are eligible for such services. Further, to the extent LSP resells services that require certification on the part of the buyer, LSP will ensure that the buyer has received proper certification and complies with all rules and regulations as established by the Oklahoma Corporation Commission.
- 2.6 SWBT promotions of ninety (90) days or less shall not be available to the LSP for resale.
- 2.7 The LSP shall not use a resold service to avoid the rates, terms and conditions of SWBT's corresponding retail tariff.
- 2.8 The LSP shall not use resold local exchange telephone service to provide access services to itself, interexchange carriers (IXCs), wireless carriers, competitive access providers (CAPs), or other telecommunications providers. Provided however, that LSP may permit its end users

- to use resold local exchange telephone service to access IXCs, wireless carriers, CAPs, or other retail telecommunications providers.
- 2.9 SWBT shall provide the services covered by this Appendix subject to availability of existing facilities.
- 2.10 An End User Common Line (EUCL) charge will continue to apply for each local exchange line resold under this Appendix. All federal rules and regulations associated with EUCL charges, as found in FCC Tariff No. 73, also apply.
- 2.11 The price of converting an end user currently receiving service from the SWBT network, without any changes to SWBT's network, will be based upon a forward looking economic cost studies. Until such studies have been approved by the Oklahoma Corporation Commission customer change charges will be priced as outlined in Appendix PRICING SCHEDULE on an interim basis, subject to true-up upon Oklahoma Corporation Commission approval of a permanent rate. When LSP converts an end user and adds or changes are made to the network, the customer change charge will apply, as well as any normal service order charges associated with said changes. All nonrecurring service connection charges, excluding the customer change charge, will be charged at a discount for those services listed in Exhibits A and B. Custom Services conversions (e.g., Plexar Custom) will be handled on an ICB basis.
- 2.12 For the purposes of ordering service under this Appendix, all requests for service shall be handled as an initial request for service under one service order. The additional line rate for Service Order Charges as specified in the appropriate tariff shall apply only to those requests for additional residential service at the end user's same location where a residential line is currently provided on SWBT's network, regardless of the non-facilities based local service provider of record.
- 2.13 If the LSP is in violation of a provision of this Appendix, SWBT will notify the LSP of the violation in writing. Such notice must refer to the specific provision being violated. At such time, LSP shall have thirty (30) days to correct the violation and notify SWBT in writing that the violation has been corrected. SWBT will then bill the LSP for the charges which should have been collected by SWBT or the SWBT retail rate for the stated violation, whichever is greater. Should the LSP dispute the violations, it must notify SWBT within fourteen (14) days. Disputes will be resolved as outlined in the Dispute Resolution Section of the STC.
- 3.0 Ancillary Services**
- 3.1 Where available, SWBT will afford LSP end users with the ability to make 911 calls. LSP shall be responsible for collecting and remitting all applicable 911 surcharges on a per line basis to the Public Safety Answering Point (PSAP).
- 3.2 Where requested by SWBT, the LSP shall provide SWBT with accurate and complete information regarding end users in a format and time frame prescribed by SWBT, for

purposes of 911 administration.

- 3.3 SWBT shall provide LSP's end users access to SWBT Directory Assistance and Operator Services. LSP shall pay SWBT amounts attributable to the DA/OS services used by LSP's end users. Discounts associated with the utilization of the DA/OS services are outlined in the exhibits to this Appendix. Where SWBT DA/OS services are provided to LSP's end users, SWBT will unbrand or rebrand as required by applicable law and where technically feasible.
- 3.4 SWBT shall provide, at no additional charge, a straight line listing of the LSP end user in the appropriate SWBT local White Pages. Subscriber listing information on resold lines shall remain the property of SWBT.
- 3.4.1 Additional listing services (e.g., foreign or signature listings) can be purchased by LSP for its end users on a per listing basis. LSP shall pay SWBT amounts attributable to additional listing services used by LSP's end users. The exhibits outline the discounts associated with such additional listing services.
- 3.5 SWBT or its agents will deliver local White Pages directories to LSP end user's premises at the same time and under the same conditions that such directories are delivered to SWBT end users. LSP end users shall be entitled to one directory per basic residential or business line provided by SWBT pursuant to the STC. If an LSP's end user already has a current SWBT directory, SWBT shall not be required to deliver a directory to that end user until new directories are published for that end user's location.
- 3.6 At LSP's request, SWBT shall include in the "Informational Page" section of SWBT's White Pages directory, for those geographical areas in which LSP provides local exchange services, LSP's customer contact information shall be included as outlined in Appendix White Pages.
- 3.7 LSP hereby releases SWBT from any and all liability for damages due to errors or omissions in LSP's subscriber listing information as it appears in the White Pages directory, including but not limited to, special, indirect, consequential, punitive or incidental damages. To the extent LSP reimburses its end user subscriber any listing charge due to errors or omissions caused directly by SWBT, SWBT shall reimburse LSP any associated wholesale rate.
- 3.7.1 LSP shall indemnify, protect, save harmless and defend SWBT (or SWBT's officers, employees, agents, assigns and representatives) from and against any and all losses, liability, damages and expense arising out of any demand, claim, suit or judgment by a third party in any way related to any error or omission in LSP's subscriber listing information as it appears in the White Pages directory, including any error or omission related to nonpublished or nonlisted subscriber listing information. LSP shall so indemnify regardless of whether the demand, claim or suit by the third party is brought jointly against LSP and SWBT, and/or against SWBT alone. However, if such demand, claim or suit specifically alleges that an error or omission appears in LSP's subscriber listing information in the White Pages directory, SWBT may, at its option, assume and undertake its own defense, or assist in the defense of the LSP, in which event the LSP shall reimburse SWBT for reasonable attorney's fees and

other expenses incurred by SWBT in handling and defending such demand, claim and/or suit.

4.0 Branding

- 4.1 LSP shall not, without SWBT's written authorization, offer the resale services covered by this Appendix using the trademarks, service marks, trade names, brand names, logos, insignia, symbols or decorative designs of SWBT or its affiliates, nor shall the LSP state or imply that there is any joint business association or similar arrangement with SWBT in the provision of telecommunications services to its own customers. The LSP may brand services included in this Appendix with its own brand name, but SWBT will not provide for LSP branding of those services.
- 4.2 Notwithstanding anything to the contrary in this Appendix, SWBT and LSP agree that SWBT shall have no obligation to unbrand or re-brand the uniforms of its customer-contact employees or its trucks and vehicles.
- 4.3 Where LSP requires SWBT repair and installation personnel to interface directly with LSP end users, such SWBT personnel shall be identified as SWBT employees representing LSP.
- 4.4 SWBT offers certain retail services that utilize electronic branding to designate the services as SWBT retail services. Subject to applicable law and to the extent such services are made available for resale to LSP customers, SWBT agrees to rebrand such services as LSP services or to offer such services without a brand at LSP's request. SWBT will review such requests in a timely manner. LSP agrees to reimburse SWBT for any costs associated with service technical modifications necessary for such services to be unbranded or rebranded, including costs to expedite the service availability to meet LSP needs. LSP must accept the costs in writing before unbranding or rebranding technical modifications are performed and implemented.
- 4.5 Call Branding is defined as the process by which an Operator, either live or recorded, will identify the operator service provider as being the LSP's. In all cases where LSP specific branding is utilized, the rates quoted to the calling customer and those applied to the call will be LSP's. SWBT will offer Call Branding of Directory Assistance and/or Operator Services (DA/OS) in the name of LSP starting March 1, 1997, and will complete implementation of this process in all SWBT operator platforms by June 30, 1997. This schedule is dependent upon the ability of SWBT's vendor to meet its current commitment; however, SWBT will use its best efforts to manage the vendor to meet said dates. In the interim, SWBT will, if allowed by federal and state law and regulatory rules, unbrand LSP's Operator Service calls that are handled by SWBT's Operators on a live basis.

5.0 Responsibilities of SWBT

- 5.1 SWBT shall allow LSP to place service orders and receive phone number assignments (for new lines). These activities shall be accomplished by telephone call or facsimile until electronic interface capability has been established. SWBT, with input from LSP, shall

provide interface specifications for electronic access for these functions to LSP once such electronic interfaces become technically feasible and are in place.

- 5.2 SWBT shall implement LSP service orders within the same time intervals SWBT uses to implement service orders for similar services for its own end users.
- 5.3 LSP will have the ability to report trouble for its end users to the appropriate SWBT trouble reporting centers 24 hours a day, 7 days a week. LSP will be assigned a customer contact center when initial service agreements are made. LSP end users calling SWBT will be referred to LSP at the number provided by LSP.
 - 5.3.1 Methods and procedures for ordering and trouble reporting are outlined in the Handbook for Non-Switched Based Providers dated 11/15/95, as amended by SWBT from time to time. Both parties agree to abide by the procedures contained therein.
- 5.4 SWBT will provide LSP with the detailed billing information in a standard electronic format necessary for LSP to issue a bill to its end users. LSP may request SWBT to make certain usage information available to LSP on a daily basis via a mechanized feed to monitor the patterns of its end users' usage sensitive services. The information will consist of usage sensitive charges SWBT will bill to LSP arising out of the use of resold lines. LSP agrees to pay rate outlined in Appendix PRICING SCHEDULE.
- 5.5 SWBT will notify LSP via an accessible letter of any changes in the prices, terms and conditions under which SWBT offers telecommunications services at retail to subscribers who are not telecommunications service providers or carriers, including, but not limited to, the introduction of any new features, functions, services, promotions, or the discontinuance of current features or services. SWBT will provide ninety (90) days advance notice to LSP before the effective date of new products and services and changes to existing products and services that are available for resale. SWBT will provide forty-five (45) days notice to LSP before the effective date of pricing changes for services that are available for resale. Provided, however, LSP will not offer any new resold product or service before SWBT is permitted to offer such product or service. SWBT will incur no liability to LSP if such new services or products are not ultimately offered by SWBT or approved by the Oklahoma Corporation Commission.
- 5.6 LSP end user's activation of Call Trace shall be handled by the SWBT Call Trace Center (CTC) or its Annoying and Anonymous Call Bureau. SWBT shall notify LSP of requests by its end users to provide the call records to the proper authorities. Subsequent communication and resolution of the case with LSP's end user (whether that end user is the victim or the suspect) will be coordinated through the LSP.
 - 5.6.1 LSP understands that for services where reports are provided to law enforcement agencies (e.g., Call Trace) only billing number and address information shall be provided. It shall be the LSP's responsibility to provide additional information necessary for any police investigation. LSP shall indemnify SWBT against any claims that insufficient information led

to inadequate prosecution.

6.0 Responsibilities of LSP

- 6.1 Prior to submitting an order under this Appendix, LSP shall obtain written documentation from the end user confirming the end user's request or such documentation as may be required by applicable state laws and FCC and OCC regulations. LSP shall make authorization available to SWBT upon request and at no charge.
- 6.2 If an end user notifies SWBT or LSP that its local service provider of record has been changed without authorization (slammed), and wishes to be served by the other Party, the Party receiving such request shall be free to immediately provide service to such end user. Additionally, SWBT shall be free to connect the end user to any LSP based upon the LSP's request.
- 6.3 Neither Party shall be obligated by this Appendix to investigate any allegations of unauthorized changes in local exchange service (slamming) on behalf of the other Party or a third party. If SWBT, on behalf of LSP, agrees to investigate an alleged incidence of slamming, SWBT shall charge LSP an investigation fee as outlined in Appendix PRICING SCHEDULE.
- 6.4 When SWBT receives an order from LSP for services under this Appendix and SWBT is currently providing the same services to another local service provider for the same end user, SWBT shall notify the end user's local service provider of record of such order coincident with processing the order. It shall then be the responsibility of the local service provider of record and LSP to resolve any issues related to the end user. This paragraph shall not apply to new additional lines and services purchased by an end user from multiple LSPs or from SWBT.
- 6.5 The LSP agrees to hold harmless and indemnify SWBT against any and all liability and claims, including reasonable attorney's fees, that may result from SWBT acting under this Article.
- 6.6 LSP is solely responsible for the payment of charges for all services furnished under this Appendix including, but not limited to, recurring and nonrecurring charges, calls originated or accepted at LSP's location and its end users' service locations, with the exception of any retail services provided directly by SWBT to the end user which SWBT shall be responsible for billing.
 - 6.6.1 Interexchange carried traffic (e.g., sent-paid, information services and alternate operator services messages) received by SWBT for billing to resold end-user accounts will be returned as unbillable and will not be passed to LSP for billing. An unbillable code returned with those messages to the interexchange carrier will indicate that the messages originated from a resold account and will not be billed by SWBT.
- 6.7 SWBT shall not be responsible for the manner in which the use of resold service, or the

associated charges are allocated to others by LSP. All applicable rates and charges for such services will be billed to and shall be the responsibility of LSP, with the exception of other retail services provided directly to the end user by SWBT as described in paragraph 6.6 above.

- 6.7.1 Compensation for all services shall be paid regardless of a Party's ability or inability to collect charges from its end user for such service.
- 6.8 If LSP does not wish to be responsible for collect, third number billed, toll, 900 and information service calls, it must order the appropriate blocking for resold lines under this Appendix and pay any applicable charges. LSP acknowledges that blocking is not available for certain types of calls, including 800 numbers.
- 6.9 LSP shall be responsible for modifying and connecting any of its systems with SWBT provided interfaces when such interfaces become available.
- 6.10 LSP shall be responsible for providing to its end users and to SWBT a toll-free telephone number or numbers that LSP's end users can use to contact LSP in the event of service or repair requests. In the event that LSP's end users contact SWBT with regard to such requests, SWBT shall inform the end user that they should call LSP and may provide LSP contact number. The requirements herein are subject to additional terms and conditions in the Support System Services section of the STC.

7.0 Procedures for Nonpayment and Disconnection

- 7.1 If LSP fails to pay when due, any and all charges billed to them under this Appendix, including any late payment charges (Unpaid Charges), and any portion of such charges remain unpaid more than fifteen (15) days after the due date of such Unpaid Charges, SWBT shall notify LSP in writing that in order to avoid having service disconnected, LSP must remit all Unpaid Charges to SWBT within fourteen (14) business days.
- 7.2 If LSP disputes the billed charges, it shall, within the fourteen (14) day period provided for above, inform SWBT in writing which portion of the charges it disputes, including the specific details and reasons for its dispute; immediately pay to SWBT all undisputed charges; and pay all disputed charges into an interest bearing escrow account.
- 7.3 Disputes hereunder shall be resolved in accordance with the procedures identified in the Dispute Resolution section of the STC. Failure of LSP to pay charges deemed owed to SWBT after conclusion of the Arbitration shall be grounds for termination under this section.
- 7.4 If any LSP charges remain unpaid or undisputed twenty-nine (29) days past the due date, SWBT shall notify LSP, the Oklahoma Corporation Commission and the end user's IXC(s) of Record in writing, that unless all charges are paid within sixteen (16) days, LSP's service shall be disconnected and its end users shall be defaulted to SWBT local service. SWBT will also suspend order acceptance at this time.

- 7.5 If any LSP charges remain unpaid or undisputed forty (40) days past the due date, LSP shall, at its sole expense, notify its end users, the Oklahoma Corporation Commission and the end user's of Record that their service may be disconnected for LSP failure to pay Unpaid Charges, and that its end users must affirmatively select a new local service provider within five (5) days. The notice shall also advise the end user that SWBT will assume the end user's account at the end of the five (5) day period should the end user fail to select a new local service provider.
- 7.6 If any LSP charges remain unpaid or undisputed forty-five (45) days past the due date, SWBT shall disconnect LSP and transfer all LSP's end users who have not selected another local service provider directly to SWBT's service. These end users shall receive the same services provided through LSP at the time of transfer. SWBT shall inform the Oklahoma Corporation Commission and the end user's IXC(s) of Record of the names of all end users transferred through this process. Applicable service establishment charges for switching end users from LSP to SWBT shall be assessed to LSP.
- 7.7 Within five (5) days of the transfer (50 days past LSP's due date), SWBT shall notify all affected end users that because of an LSP's failure to pay, their service is now being provided by SWBT. SWBT shall also notify the end user that they have thirty (30) days to select a local service provider.
- 7.8 SWBT may discontinue service to LSP upon failure to pay undisputed charges as provided in this section, and shall have no liability to LSP or LSP end users in the event of such disconnection.
- 7.9 If any end user fails to select a local service provider within thirty (30) days of the change of providers (80 days past LSP's due date), SWBT shall terminate the end user's service. SWBT shall notify the Commission and the end user's IXC of Record of the names of all end users whose service has been terminated. The end user shall be responsible for any and all charges incurred during the selection period.
- 7.10 Nothing herein shall be interpreted to obligate SWBT to continue to provide service to any such end users. Nothing herein shall be interpreted to limit any and all disconnection rights SWBT may have with regard to such end users.
- 7.11 After disconnect procedures have begun, SWBT shall not accept service orders from LSP until all unpaid charges are paid. SWBT shall have the right to require a deposit equal to one month's charges (based on the highest previous month of service from SWBT) prior to resuming service to LSP after disconnect for nonpayment.
