1. CUSTOM CALLING SERVICE FEATURES (cont'd)

ADVANCED CUSTOM CALLING SERVICE (ACCS) (cont'd)

E. PAY PER USE CHARGES

1. Certain Custom Calling Services (described in B. preceding) are also available on an optional Pay Per Use Basis to carrier's customers where carrier does not subscribe to the service on a monthly basis. Such services, as specified in 2a. and 2b. following, are available on a Pay Per Use (per attempt) basis. The carrier will be charged for each attempt to activate the service, unless the central offices are not properly equipped. An Automatic Callback activation is considered complete and billable after the feature is activated by dialing the first code, regardless of whether or not the call is returned, except in those cases where the calling number is not available from the network.

These services will be available on a Pay Per Use basis only from equipped central offices to carrier's residence and business customers. However, these services are not available on a Pay Per Use basis to carrier's Centrex or PBX customers.

At the request of the carrier that does not subscribe to the feature on a monthly basis, carrier's customer's access to the feature on a Pay Per Use basis may be blocked. Such blocking will be provided at no charge to the carrier.

2. Rates

Following rates apply when Ameritech provides OS/DA (C)

CALL RESTRICTION SERVICES (cont'd)

AMERITECH CALL CONTROL (cont'd)

Following rates apply when Ameritech provides OS/DA

(C)

C. Rates and Charges

1. Regardless of the carrier customer's local calling areas, calls placed from an ACC equipped line network access line, via a predetermined access code, to the ACC Control Point (located in Elgin, Illinois) to modify the service functionality, will be assessed the appropriate local usage charges. Access to the Ameritech Control Point to modify service functionality placed from a network access line not equipped with ACC will be provided via a toll free number.
2. Service Charges as specified in Section 2, in this Part, are also applicable when adding Ameritech Call Control to an existing carrier residence access line.
3. Services Charges to add Ameritech Call Control to an existing carrier eligible residence access line is waived for a period of 45 days after a central office is equipped to provide Ameritech Call Control.
4. The following rates and charges are for ACC only and are in addition to rates and charges for other service(s) required to furnish a telecommunications system.

| | <u>Monthly Rate</u> | |
|---|-------------------------|-----|
| Ameritech Call Control per Network Access Line Equipped ^{/1/} | \$6.36 | (I) |

/1/ Where available, ACC may be provided on a Residence Network Access line equipped with ISDN. An ACC charge/rate is applicable for each telephone number on a "B" channel.
