Defining Primary Lines)

ERRATUM

Released: September 5, 1997

By the Deputy Chief, Common Carrier Bureau:

On September 4, 1997 the Federal Communications Commission released a Notice of Proposed Rulemaking titled Defining Primary Lines (FCC 97-316). This erratum corrects the first sentence of paragraph 2 of that Notice. The first sentence of paragraph 2 should read: "In this Notice of Proposed Rulemaking (NPRM), we seek comment on whether we should retain the definition of 'single line-line business line' set forth in the Commission's rules."
