

Summary

- *Hatfield 4.0 Meets 12 Tentative Conclusions.
- *We Submit Information Questioning 4 Tentative Conclusions.
 - *Optical fiber vs. Load Coils; Wireless solutions.
 - *Cable Plowing of Multiple Cables; Default of 66% Sharing.
- *Three Tentative Conclusions Require Development.
 - *Separate Material from Installation Costs.
 - *Difficult Terrain Costs vs. Multipliers.
 - *Plant Mix *f{terrain_factors}*.

- *Hatfield Plant Mix solution will perform Life Cycle Cost Analysis to dynamically shift % “At Risk” between Aerial & Buried Structures on a sliding scale, considering Soil Texture & Rock Hardness, by CBG, by Feeder & Distribution.
