Re: Ex Parte Presentation
PR Dkt 89-552, GN Dkt 93-252 & PP Dkt 93-253

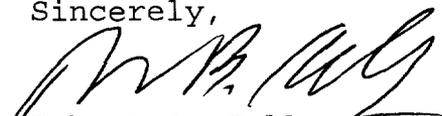

Dear Mr. Caton:

On behalf of INTEK Diversified Corp. ("INTEK") and pursuant to Section 1.1206(a) of the Commission's Rules, this will constitute notice that on August 5, 1997, Michael R.J. Bayly of INTEK and Robert B. Kelly of Kelly & Povich, P.C., counsel to INTEK, met with Herbert Zeiler of the Public Safety and Private Wireless Division of the Wireless Telecommunications Bureau regarding the utilization of the Public Safety and Emergency Medical Radio Service frequencies assigned in the 220-222 MHz band in PR Docket 89-552. As reflected in the attached Summary of Presentation, the parties discussed the matters raised in INTEK's Comments on the Petition For Clarification and in INTEK's July 22 written ex parte submission concerning the availability for licensing of the public safety and EMRS frequencies.

Six copies of this notice are submitted herewith pursuant to Section 1.1206(a)(1) of the Rules.

Should there be any questions on this matter, kindly communicate with this office.

Sincerely,

Robert B. Kelly

SUMMARY OF PRESENTATION - September 24, 1997
INTEK Diversified Corp.

PR Docket 89-552, GN Docket 93-252 & PP Docket 93-253

- I. There is "pent up" demand for the Public Safety and EMRS channels assigned in the 220-222 MHz band.
 - A. The expedited issuance of the Public Notice contemplated by the Third Report and Order and the timely acceptance of applications for the Public Safety and EMRS channels will serve the public interest by making available to public safety and emergency medical eligibles the advanced capabilities of 5 kHz technologies now serving commercial markets.
 - B. The expedited issuance of the Public Notice contemplated by the Third Report and Order and the timely acceptance of applications for the Public Safety and EMRS channels will serve the public interest by making available to public safety and emergency medical eligibles critically needed additional communications capacity.
