re: *Ex Parte* Conversation
CC Docket 94-102, Revision of the Commission's Rules to Ensure Compatibility with Enhanced
911 Emergency Calling Systems

Dear Ms. Salas:

On Tuesday, January 6, 1998 I had a brief conversation with Nancy Booker on the FCC wireless staff regarding the above referenced docket. In the discussion I provided Ms. Booker with information about the Alliance's position and an update on our conversations with the wireless industry and public safety community. In addition, I mentioned another accident that recently occurred that involved use of a wireless 911 call.

Sincerely,

Jonathan D. Linkous
Washington Representative
