**PETITION FOR RULE MAKING**  
**LBJS BROADCASTING COMPANY, LP**  
**RE-ALLOT CHANNEL 227C**  
**CEDAR PARK, TEXAS**  
**April 1998**

**TECHNICAL STATEMENT**

1. This Technical Statement and attached exhibits were prepared on behalf of LBJS Broadcasting Company, LP ("LBJS"), licensee of KAJZ, Channel 227C, Killeen, Texas. LBJS herein requests the re-allotment of Channel 227C from Killeen, Texas, to Cedar Park, Texas. The re-allotment will provide Cedar Park with its first local transmission service and will not deprive Killeen of its only local service. The proposed allocation of Channel 227C to Cedar Park is mutually exclusive with the present allocation of Channel 227C at Killeen.

**DISCUSSION**

2. LBJS is proposing to re-allot Channel 227C from Killeen to Cedar Park, Texas, specifying the coordinates of the presently licensed KAJZ facility as the reference site for the proposed re-allotment. No change in transmitter location, height or power is proposed. Thus, Channel 227C's spacing will continue to comply with §73.207 spacing requirements to all facilities. (See Paragraph 5 below.)

3. The city of Cedar Park is located in the southern portion of Williamson County, Texas. Cedar Park is an incorporated city with a 1995 population of approximately 14,000 persons<sup>1</sup> (up from 5,161 in the 1990 Census). Cedar Park presently has no licensed AM or FM facilities. The allocation of Channel 227C would thus provide the community with its first local transmission service.

---

1) City of Cedar Park Demographics.

4. The re-allotment of Channel 227C from Killeen, Texas, to Cedar Park, Texas, will not deprive Killeen of its only local service, since AM station KRMV, 1050 kHz, and FM stations KNCT-FM, Channel 217C1, and KIIZ, Channel 222A, will remain licensed to Killeen, Texas. In addition, KAJZ will continue to provide a 3.16 mV/m signal to all of Killeen. While Killeen is not located in the nearby Austin Urbanized Area, the presently authorized KAJZ facility is located between Killeen and Austin. From that site, it currently delivers a 3.16 mV/m (70 dBu) signal to more than 50% of the Austin Urbanized Area. The city of Cedar Park is located within the defined boundaries of the Austin Urbanized Area. However, no change to the KAJZ coverage is proposed by this re-allotment. As such, this proposal is not considered a "move-in" to the Austin market since the facility already provides substantial service to the Austin Urbanized Area.

### REQUEST

5. Channel 227C can be allotted to Cedar Park, Texas, with a site restriction of 29.3 kilometers west-northwest of the community at the present KAJZ transmitter site at geographic coordinates North Latitude 30° 43' 34" and West Longitude 97° 59' 23". As shown on Exhibit #1, Channel 227C will continue to meet the Commission's spacing requirements in §73.207 toward all existing, applied for or proposed facilities, with the exception of station KLBJ-FM, Channel 229C, Austin, Texas (also owned by the petitioner).<sup>2</sup> Exhibit #2 shows that, KAJZ,

---

2) Channel 227C was allotted to Killeen, Texas, prior to November 16, 1964, and is, therefore, considered a pre-1964 grandfathered shortspaced station. At its licensed site, KAJZ does not meet the Commission's minimum distance separation requirements in §73.207 of the rules toward KLBJ-FM. KLBJ-FM is likewise a pre-1964 grandfathered station. The two stations have remained shortspaced to one another since that time. The shortage between KAJZ and KLBJ-FM, therefore, falls under the requirements of §73.213(c)(1) and is permissible. Toward all other facilities, KAJZ complies with the present §73.207 spacing requirements. As denoted on Exhibit #1, Channel 227C at the licensed KAJZ site is shown as shortspaced to KPLV, Channel 227C1, Port Lavaca, Texas; KSTV-FM, Channel 226C3, Dublin, Texas; and KKZN, Channel 227C2, Haltom City, Texas. However, these shortages are based on each of these

operating on Channel 227C from its licensed/reference site will provide a 3.16 mV/m contour over 100% of the city of Cedar Park.

6. Therefore, LBJS requests the following amendment to §73.202(b) of the rules:

**Cedar Park, Texas**

<u>Present</u>	<u>Proposed</u>
None	227C

**Killeen, Texas**

<u>Present</u>	<u>Proposed</u>
222A, 227C	222A <sup>3</sup>

**PUBLIC INTEREST**

7. The re-allotment of Channel 227C from Killeen to Cedar Park will not deprive Killeen of its only service and will provide the first local service to Cedar Park.<sup>4</sup> Once Channel 227C is re-allocated to Cedar Park, LBJS will file, on a timely basis, an application for a construction permit minor change in the facilities of KAJZ to specify Cedar Park, Texas, as its community of license.

station's invocation of §73.215 processing toward KAJZ. Each has, in fact, protected KAJZ as a maximum Class C facility. Thus, KAJZ is a fully spaced facility with respect to KPLV, KSTV-FM and KKZN, and its permissible facilities are not restricted by these stations.

- 3) AM station KRMV, FM non-commercial station KNCT-FM and commercial FM station KIIZ will remain licensed to Killeen.
- 4) Since no actual site change is proposed, the 1964 grandfathered status of KAJZ as it relates to KLBV-FM will be unchanged as a result of this proposed re-allotment.

8. The foregoing Technical Statement was prepared on behalf of LBJS Broadcasting Company, L.P., by Graham Brock, Inc., its Technical Consultant. All information relating to the FM allocations and facilities was extracted from the NTIA database as updated on April 10, 1998. We assume no liability for errors or omissions in that database which may be adverse to the requests contained herein.
