Please let FCC know that it is important to have an open frequency for the Hispanic Community. You may write to the FCC in regard the Rule Making #RM 9242

- **Primary Low Power FM Stations** - stations that are, essentially, Class A FM stations whose owners are required to live within 50 miles of their transmitter sites, and which are protected to their 60 dB• V/m contour from full service stations and other low power FM stations. These stations would have from 50 to 3,000 watts ERP and a maximum HAAT of 328 feet (100 meters).

Comments are due on April 27, 1998.
