[Faint handwritten notes]

On June 6, 1998, I spoke to John Morabito of the staff of Congressman Thomas Bliley concerning the matters raised in the June 4 letter from Congressman Bliley and others to Chairman Kennard. Mr. Morabito reiterated the congressman's support for a suspension of collections for the schools and libraries universal service discount mechanism. We also discussed the potential impact of other funding levels.

I discussed these same issues in conversations with Mr. Morabito on June 3, 4, and 5.
