ATTACHMENT NO. 2

and effect and has been neither stayed nor set aside by any judicial authority. For consideration received,² Trustee executed and caused to be filed with the Commission, on or about September 26, 1995, an FCC Form 405A requesting cancellation of the captioned authorization. A copy of that submission is appended hereto as Attachment No. 2.

2. According to FCC records, of which official notice may be taken, the captioned authorization was in fact canceled and the call sign purged from the FCC's license database no later than October 17, 1995. It appears, however, that the authorization was reinstated on or about February 26, 1996, more than four months after it was canceled. There was no public notice of this action, no actual notice to Trustee, and attempts to obtain an explanation from Bureau staff have been thus far unfruitful.

3. Pursuant to the *Order*, Trustee had the legal and judicially conferred right to cause the captioned license to be canceled or assigned to its designee. Prior to submitting the FCC Form 405A, bankruptcy counsel for Trustee contacted Bureau staff to inquire about appropriate procedure and provided Bureau staff with a copy of the *Order*. Bureau staff provided Trustee with the

² Kay successfully bid for the rights to direct the assignment and/or cancellation of the authorization. Viking (the licensee of Station KNG484, which operates on the same frequency as the captioned Pick facility), contracted with Kay to arrange for the cancellation of the authorization. Thus, Pick no longer has any rights in the authorization. Even if his license were still valid, however, Viking has determined that Pick's operation of the captioned facility is unlawful in at least two respects: (1) Pick is providing commercial service to others in violation of a specific prohibition against SMR use of this channel, and (2) Pick is operating the system in trunked mode without the consent of Viking (a co-channel licensee within 70 miles of Pick), without authority from the Commission, and in contravention of specific FCC regulations. Viking has for years received substantial interference from Pick's improper co-channel operations, and the problem continues to this day. The instant pleading, however, is limited to the issue of the improper reinstatement of the Pick authorization. Viking will address Pick's rules violations and continued unlawful harmful interference in a separate pleading.

requisite FCC Forms 405A and with a certified list of the licenses held by Harold Pick. Trustee followed the procedures suggested by Bureau staff. Thus, the cancellation was within the rights of the Trustee, in full accordance with Commission procedure, and was pursued in good faith.

4. The Bureau's inexplicable reinstatement of the authorization is clearly unlawful. Assuming for the sake of argument the Bureau had some basis for the action, it was without power to reinstate the authorization. Section 1.113(a) of the Commission's Rules provides that an action taken under delegated authority may be set aside *sua sponte* by such designated authority only within thirty days of the action. 47 C.F.R. § 1.113(a). The reinstatement in this case came more than four months after the action canceling the license. Moreover, it was done without notice to Trustee.

5. There is no evidence in the public record that any party timely submitted a petition for reconsideration or an application for review within 30 days of the cancellation,³ and if any such petition was filed, it was not served on Trustee as required by Section 1.47(g) of the Rules.⁴ The only possible explanation, therefore, is that there were informal communications between Mr. Pick and Bureau staff leading to the reinstatement. If this is the case, then both Pick and Bureau staff have engaged in a blatant violation of the Commission's *ex parte* rules as well as an unlawful interference with Mr. Kay's and Trustee's rights under the *Order*.

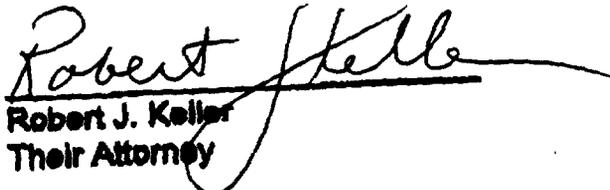

³ See 47 C.F.R. §§ 1.106(f) & 1.115(d).

⁴ See 47 C.F.R. § 1.47(g).

WHEREFORE, it is requested that the February 26, 1998, action by the Bureau reinstating the captioned authorization be reconsidered and promptly set aside.

Respectfully submitted,

James A. Kay, Jr. and
Viking Freight Systems, Inc.

ADDENDUM TO LETTER - CCR TO FCC - 04/22/93

Statement by Harold R. Pick

- 1) I installed a GM repeater for Gerard Pick /DWA Lance Hardy Best Advertising/ on Out Mountain, coordinates 34-19-32n latitude and 110-35-01 W longitude.
- 2) The repeater was installed on Out Mountain on 13 January 1993 at 2:00 PM, frequency 854.08750 MHz, .
The Secondary was installed on 12 July 1992 on Saddle Peak.
- 3) On 25 February 1993 the GM Repeater was removed from Out Mountain due to a major power supply failure and reinstalled on 6 March 1993; it has stayed in service ever since.
- 4) Goodwill Industries uses this frequency on both the Primary OAR and the Secondary Saddle Peak.
- 5) WBTQ665 was constructed in a timely matter and complies with Part 90 Rules 90.633 (d)
- 6) Glen R. Bechert was not informed of the frequency change from 482.675 mhz to 854.0875 mhz because he has no contract with his tenants specifying/requesting such information.

I declare under penalty of perjury under the laws of the United States of America that all of the foregoing is true and correct.

This Statement was executed on the 4th Day of June 1993.

By: *Harold Pick*
