Re: WWSC, Glens Falls, New York

Dear Mr. Riffer:

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

The purpose of this letter is to call you attention to the fact that the recent action by the Commission's staff granting the application for renewal of the license for Station WWSC, Glens Falls, New York, would appear to be at odds with the fact that you indicated in a conference call with myself and Jim Shook a couple weeks ago that the Commission is having trouble find the licensee of WWSC qualified to be a Commission licensee.

I am calling this apparent inconsistency to your attention because Monday, July 26, 1998, is the last day on which the Commission can set aside the WWSC renewal on its own motion.

Sincerely,

David Tillotson
