Pamela Cullen (deadtrout@worldnet.att.com) writes:

Please protect CSpan. It is an essential format for educating people who wish to make an informed decision regarding their country. This is the only source of unbiased, unfiltered information available to the public. Please do whatever possible to protect this program.

**Subject:** Comments to the Chairman

Violeta Aledo (vl2@sprynet.com) writes:

Dear Chairman Kennard,

I think it's outrageous that C-SPAN will be taken off the air to allow room for second local cable channels. I and my family are connected to the world in the political sense mainly thru C-SPAN. C-SPAN spreads balanced opinions and ideas and informs us in a thorough way on the actions of our congress people. Please keep it on the air for all of our citizens.

Violeta Aledo
