Dear Sir:

I have understand that your new ruling on a second channel so broadcasters can run HDTV stinks. I hope that this is not going to force my cable company Time Warner of Glendale Heights, Ill to remove stations in my area, such as CSPAN 1 and 2. I am sending feeling to my Congressman Henry Hyde also.

Mrs. Barbara M. Helm (helmhfi@intersurf.com) writes:

Dear Mr. Kennard,

I am writing to voice my acute distress over the possible adoption of the "digital must carry" rule. Any "rule" that might deprive the public of access to C-Span and C-Span2 is unthinkable. These 2 cable channels are the greatest boon to the health of our democratic system since our Founding Fathers walked the Earth! Please do all that you can to preserve these excellent cable channels.

Thank you.
