I agree with the ARRL Proposal more than the proposed rules in two areas. I think if Advanced Class are going to have the extra duty of VE Testing, we should have extra frequencies. Also i think the number of code tests should be decreased to two an entry level for HF Priviledges at 10WPM and 17WPM for extra class. Tech Plus should be allowed a two period to up to General by getting on the air and demonstrating by logging 1000 hours of CW work.
