Dear Ms. Polivy:

This is in response to your letter dated August 10, 1998, in which GTE requests to arrange a date, time, and location to inspect the underlying data, formulae, computations, and software associated with the HAI model that have been filed as confidential, pursuant to the Protective Order in CC Docket No. 96-45 and 97-160 (DA 98-1490) adopted by the Federal Communications Commission (FCC) on July 27, 1998. MCI and AT&T have not requested confidential treatment under the Protective Order of any data, formulae, computations, and software filed with the FCC in connection with the HAI model.

Peter Jacoby of AT&T has authorized me to state that AT&T joins in this response.

Sincerely,

Mary J. Sisak
