Subject: new proposals on Amateur Radio

I whole heartly support the proposed rule allowing the classes of Licence to be 4 instead of 6 that there currently is. I am an amateur radio operator with an advanced licence and agree with the proposal to allow Advanced licence holders to administer tests for General and below. However I wonder if it might be a better use of the commission's time and efforts to allow Advanced to give tests for the advanced class also.

Thank you for allowing me to comment.

Sincerly Yours
