Joseph Henry Urban (urban@norshore.net) writes:

Please help Echostar and the Dish Network define Grade B signal for TV. Help bring Network TV channels unrestricted over satellite broadcast. I can not receive good quality local TV from my home. Thanks,
Joe Urban

Subject: Comments to Commissioner Ness

Rm 9335

Mark Sheppa (mark.sheppa@trw.com) writes:

SHVA restrictions and the standards for grade B contour are outdated, unfair and burdensome. I do NOT think it is reasonable to climb on my roof to install a 30 foot antenna just to watch network programming! Please place the consumer FIRST in your determination of what is reasonable. I do not wish to be stepped on by the big money interests of broadcasters and cable companies.

Thank you for the opportunity to voice my opinion,
Respectfully yours,
Mark Sheppa
