EX PARTE OR LATE FILED

Re: Ex Parte Submission
Federal-State Joint Board on Universal Service; CC Docket No. 96-45/
Forward-Looking Mechanism for High Cost Support for Non-Rural LECs; CC
Docket No. 97-160

Dear Ms. Salas:

At the request of Commission staff, AT&T Corp. and MCI Telecommunications Corporation provided them with the attached files. The attached database utility compiles, on an automated basis, the end office Host/Remote relationships in the Local Exchange Routing Guide (LERG). These relationships may then be pasted into the Switching/Interoffice Module of HAI 50a Model - obviating any need to enter these relationships on a one-by-one entry basis through the model's user interface. The enclosed database routines assume that the user has licensed access to Table 7 of the LERG. The second file provides detailed directions for the use of the database utility

On Friday, September 11, 1998, Rich Clarke of AT&T met with the staff listed below to review with them the attached directions for its use. Please associate these materials with the record in the above captioned docket.

Respectfully submitted,

Chris Frentrup
Senior Regulatory Analyst
MCI Telecommunications Corp.

DOCUMENT OFF-LINE

This page has been substituted for one of the following:

- o An oversize page or document (such as a map) which was too large to be scanned into the RIPS system.

- o Microfilm, microform, certain photographs or videotape.

- o Other materials which, for one reason or another, could not be scanned into the RIPS system.

The actual document, page(s) or materials may be reviewed by contacting an Information Technician. Please note the applicable docket or rulemaking number, document type and any other relevant information about the document in order to ensure speedy retrieval by the Information Technician.
