c-span is too important public service station to be removed. Please do not take any action to remove it from tv.

Chairman Kennard,

Please oppose "digital must carry" cable stations. Why should these giant networks get a break at the expense of the smaller stations? I enjoy watching both C-SPAN and C-SPAN2.

It would be a shame if millions of American viewers were denied precious access to information on American government.

Thank you for your time.

Clay Kimber
