FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

Dear Commissioners:

Why can't I get regular TV stations (i.e. NBC, ABC, CBS, FOX) on my satellite system? I can't get a good picture with an antenna and there is no cable TV out here. I think this very unfair. Do we still live in a free country or what?

Bob

**Subject:** direct satalite and local brodcast stations

This is concerning not being able to purchase network programming from (dish network) satalite because in the zip code I live in. Even with a large obtrusive antenna I have problems recieving a clear picture from local stations and fell I should have the choice of purchasing these network stations (KABC,KNBC,KCBS,KTTV). In order to be able to purchase these channels dish network saies I need to get a letter from the FCC allowing me to recieve these stations. I am requestion such a letter to be able to watch clear tv and not need a eye sore of an antenna on my roof.

hello,  
cable is out of control, let dbs compete fairly with them lets see who wins  
thank you
