SUMMARY: The Commission will consider action concerning closed captioning requirements for video programming.

--THE ACTION THEY SHOULD TAKE IS TO ELIMINATE THE EXEMPTIONS TO CLOSED CAPTIONING OF TELEVISION AND CABLE TELEVISION PROGRAMMING.

NOW ITS TIME FOR YOU TO ACT!

CALL OR EMAIL ALL THE COMMISSIONERS AND TELL THEM YOU WANT THE EXEMPTIONS REMOVED!

Hello Sir, my biggest concern abt FCC is trying to give a special exemption on a video programming, if you support that, I would strongly recommend you to deactivate the sound for the hearings, is it fair for the deaf community? We the deaf viewer have the privilege the same treatment as the hearing listeners.

Please support the deaf viewer to remain legally and continually providing the Closed Caption. Thank you for your great consideration, Greg Pard
