Web Site Attachment Re: 14-90

September 22, 2014

To whom it may concern:

It is my understanding that the joining of AT&T and DIRECTV will expand high-speed broadband to more West Virginians, especially those that live in rural areas. For that reason, I strongly support moving forward with this venture.

My office has done everything it can to provide on-line services to the people of West Virginia, including purchasing hunting and fishing licenses on-line. This union of AT&T and DIRECTV will help me provide more services to our citizens. It will also provide more opportunities for our small business owners and for the expansion of educational services.

Due to the advantages this combination brings to West Virginia and its citizens, I urge you to move forward.

Sincerely,

A handwritten signature in black ink that reads "John D. Perdue".
