The Presiding Judge is on leave, but has asked that I advise the parties of the following ruling:

For purposes of Issue G of this proceeding, the Joint Stipulation of the Enforcement Bureau and Maritime is accepted as to both its stipulated facts and legal conclusions as to automatic termination. Accordingly, Issue G needs only to be heard as to the remaining sixteen site-based licenses. If they so choose, Mr. Havens, Environmental, and Verde are invited to submit their own stipulation indicating that they do not join in the Joint Statement's presentation of the underlying facts but only agree with its legal conclusions that the authorizations in question have automatically terminated.

A formal order will be released upon the Presiding Judge's return.

**JOINT STIPULATION BETWEEN THE ENFORCEMENT BUREAU AND MARITIME
ON DISCONTINUANCE OF OPERATIONS
OF PREVIOUSLY STIPULATED SITE-BASED FACILITIES**

1. On June 17, 2014, the Presiding Judge issued *Memorandum Opinion and Order*, FCC 14M-18, which granted summary decision on the timely construction aspect of Issue (g), but denied summary decision on the permanent discontinuance aspect of Issue (g) for 16 site-

based facilities licensed to Maritime Communications/Land Mobile, LLC (Maritime).¹ This Order also rejected joint stipulations entered into between the Enforcement Bureau (Bureau) and Maritime concerning an additional 153 licenses (the Stipulated Facilities),² thereby putting at issue for trial the timely construction and operational status of these facilities.³ On August 21, 2014, the Presiding Judge indicated his willingness to “consider well-crafted stipulations that obviate the need to examine factual matters”⁴ and indicated that he would rule favorably on a stipulation if “all litigating parties unanimously agree that the record now establishes that operations at the stipulated facilities have been permanently discontinued.”⁵

2. In an effort to obviate the need to examine at hearing the particular factual matters concerning the operational status of the Stipulated Facilities, the Bureau and Maritime coordinated with Mr. Havens and counsel for Environmental LLC and Verde Systems LLC (collectively, ENL-VSL) in the hopes that all litigating parties could reach agreement on the facts set forth below. It is the Bureau and Maritime’s understanding that ENL-VSL and Mr. Havens agreed that all of the Stipulated Facilities should be deemed automatically terminated under Section 1.955(a) of the Commission’s rules, but that ENL-VSL and Mr. Havens otherwise refused to stipulate to any of the facts that form the basis for the instant Joint Stipulation On Discontinuance Of Operations Of Previously Stipulated Site-Based Facilities (Joint Stipulation). Nevertheless, the Bureau and Maritime hereby enter into this Joint Stipulation, in which

¹ See *Order*, FCC 14M-18 (ALJ, rel. Jun. 17, 2014).

² See *id.* at 25, ¶ 71; see also *Limited Joint Stipulation Between Enforcement Bureau and Maritime and Proposed Schedule*, filed May 31, 2012 and *Limited Joint Stipulation Concerning Issue G Licenses*, filed Dec. 2, 2013.

³ See *Order*, FCC 14M-18, at 25-26, ¶¶ 71-72.

⁴ *Order*, FCC 14M-27 (ALJ, rel. Aug. 21, 2014), at 3.

⁵ *Id.* at 4.

Maritime concedes that operations at the Stipulated Facilities have permanently discontinued, and hereby stipulate as set forth below.⁶

JOINT STIPULATION

KA98265

3. VHF facility KA98265 is not operating or providing maritime and/or land mobile communications services to VHF subscribers.

4. On May 14, 2012, Maritime filed an application (File No. 0005210655) to cancel the authorization for this facility with the Wireless Telecommunications Bureau (Wireless Bureau).

5. The application was granted and the Commission's Universal Licensing System (ULS) shows the status of this license as CANCELED.

6. Attached as Exhibit 1, hereto, is a true and correct copy of a print-out from ULS reflecting that this license was CANCELED as of May 14, 2012.

⁶ In January 2013, Maritime filed an application to assign its licenses, including those subject to Issue (g) to Choctaw Telecommunications, LLC and Choctaw Holdings, LLC (collectively, Choctaw). See Application, on FCC Form 603, File No. 0005552500, submitted to the Wireless Bureau on Jan. 23, 2013. On August 8, 2014, the Wireless Bureau released a Public Notice confirming that Chairman Wheeler had circulated to his fellow Commissioners a draft Order that would address Maritime's pending Application. See Wireless Telecommunications Bureau Reminds Interested Parties That *Ex Parte* Communications Are Prohibited in WT Docket 13-85, Application To Assign Licenses From Maritime Communications/Land Mobile, LLC, Debtor-In-Possession, To Choctaw Holdings, LLC (FCC File No. 0005552500), Public Notice, WT Docket No. 13-85, rel. Aug. 8, 2014. Should the Commission grant Maritime's Application, and transfer the licenses to Choctaw, Choctaw agrees to be bound by the instant Joint Stipulation between the Bureau and Maritime. Choctaw did not sign on to this Joint Stipulation because of the Presiding Judge's recent *Order* warning Choctaw that its participation in this proceeding is limited to "updating the Presiding Judge on the status of its applications" and barring Choctaw from filing pleadings "that implicate substantive issues presented under the Hearing Designation Order." *Order*, FCC 14M-24 (ALJ, rel. Jul. 29, 2014) at 2-3. Nevertheless, Choctaw understands that, as a party to this proceeding, it will be bound by any *Order* from the Presiding Judge which adopts the proposed Joint Stipulation in whole or in part.
