RE: FCC Form 481 Data and High Cost ETC Certification – Supplemental Information

On June 30, 2014, Taconic Telephone Corp., d/b/a FairPoint Communications filed FCC Form 481 and supporting documentation for Taconic Telephone Company d/b/a FairPoint Communications as filed with the Federal Communications Commission (FCC) and Universal Service Administrative Company (USAC) for its study area in Massachusetts - SAC 150084.

Taconic Telephone Corp. d/b/a FairPoint Communications has an extremely small footprint in the state of Massachusetts and the customers in Massachusetts are served from our New York facilities. As such, we do not have more detailed, state specific information to file with either USAC or the FCC. The federal requirements are by study area and our filing is consistent with FCC rules.

To address the request made on September 16, 2014, Taconic Telephone Corp. submits the following additional information, specific to the operations in the state of Massachusetts.

1. Please see Confidential Attachment 1 for information regarding “unfulfilled service requests” for study area 150084.
2. The Form 481 that was filed for SAC 150084 contained a typographical error. Taconic Telephone Corp. does not assess a state USF fee on its customers in Hancock.
3. Service Quality Standards – see Attachment 2 for the statement of compliance, specific to Massachusetts.
4. Functionality in Emergency Situations – the document attached to the Form 481 filing for SAC #150084 is applicable to all customers in FairPoint’s service footprint. I have attached it again for your convenience.

Please contact Beth Westman at 207.535.4249 or bwestman@fairpoint.com with any questions or concerns regarding this filing.

Sincerely,

Beth Westman
