**Re: Acceleration of Broadband Deployment
WC Docket No. 11-59; WT Docket Nos. 13-238, 13-32**

Dear Ms. Dortch:

On October 2, 2014, AT&T published a blog on our public policy website entitled "Accelerating Broadband, Part II". This blog focuses on the FCC's ongoing efforts to accelerate and streamline the broadband infrastructure process. The first step in this process was the order that the Commission adopted to streamline the rules for tower marking and lighting. The FCC is continuing this effort in a new rulemaking aimed toward tower siting and approvals. This blog is consistent with what AT&T has already filed in the above mentioned proceedings and can be viewed at:

<http://www.attpublicpolicy.com/wireless/accelerating-broadband-part-ii/>

Pursuant to Section 1.1206 of the Commission's rules, an electronic copy of this letter is being filed for inclusion in the above-referenced docket.

Sincerely,

A handwritten signature in black ink that reads "Jeanine Poltronieri".

Jeanine Poltronieri
