CC Docket No. 95-116; WC Docket No. 09-109**

Dear Ms. Dortch:

On October 2, 2014, Tim Decker, Tim Kagele, and Deborah Tucker, members of the North American Portability Management LLC ("NAPM LLC"), and I, outside counsel for the NAPM LLC, spoke via telephone with Richard Hovey, Michelle Sclater, Ann Stevens, and Sanford Williams of the Wireline Competition Bureau. During the phone call, the NAPM LLC clarified the scoring methodology that individual FoNPAC member companies used to evaluate each respondent's proposal against the relevant criteria as described in the materials previously submitted to the Commission and attached to the NANC Recommendation dated April 24, 2014, including the method used to allocate total potential points among the questions set forth in the Request for Proposal Document, the Technical Requirements Document, and the Vendor Qualification Document in accordance with the predetermined weighting factors.

Pursuant to Section 1.1206(b) of the Commission's rules, a copy of this letter is being filed *via* ECFS for inclusion in the public record for the above-referenced proceeding.

Please contact the undersigned if you have any questions or need additional information.

Respectfully submitted,

Todd D. Daubert  
Counsel for the NAPM LLCcc: Richard Hovey
