RFD programming is an extreme outlet for the American Farmer, Cattleman, Crop Farmers and overall a teaching tool for the viewer. Why does the FCC want to remove such a great informative programs from the American TV format? RFD provides the entertainment, education and enjoyment for all of America. The channel is a main stay in our house! Add more channels to the networking of television, but do not take away a channel a family may watch at anytime, The Whole family with the children not having to leave the room.
