RE : Failed receipts of comments for WCB Docket nos. 14-115 and 14-116

Dear Sir / Madam,

Per our previous phone conversation(s) our organization, the Middle Class Action Fund (a 501 (c) 4 non profit) is respectfully resubmitting our public comments in conjunction with WCB Docket Nos.

14-115 and 14-116.

Our original comments, written on our behalf by an attorney and submitted by one of our staff members on the due date, is not currently showing up in the public comments sections for the respective dockets above (this was brought to my attention by one of our group members).

In talking with FCC staff about this issue, a computer issue within the FCC itself may have cause a potential problem with the submission and receipt of our groups comments .

With that, I am respectfully resubmitting our public comments for the WCB Docket Nos. 14-115 and 14-116.

Thank you in advance for your help and consideration in this matter.

Sincerely,

  
Andrew King
