Washington, DC 20554**

In the Matter of)	
)	
Telecommunications Carriers Eligible for Universal Service Support)	WC Docket No. 09-197
)	
Federal-State Joint Board on Universal Service)	CC Docket No. 96-45

**NOTICE OF RELINQUISHMENT OF ELIGIBLE TELECOMMUNICATIONS
CARRIER DESIGNATIONS**

AT&T Services, Inc. (AT&T), on behalf of its affiliate Cricket Communications, Inc. (Cricket), hereby notifies the Commission that Cricket is relinquishing its eligible telecommunications carrier (ETC) designations in the District of Columbia (study area code 579006) effective February 28, 2015; New York (study area code 159025) effective February 28, 2015; North Carolina (study area code 239027) effective June 30, 2015; Tennessee (study area code 299024) effective July 31, 2015; and Virginia (study area code 199017) effective April 30, 2015. In support of this notification, AT&T provides the following information.

The Commission designated Cricket as an ETC for the purpose of providing Lifeline services in the above mentioned states and in D.C. in 2012.¹ Section 214(e)(4) of the Communications Act, as amended, requires the Commission to permit a Commission-designated

¹ *Telecommunications Carriers Eligible for Universal Service Support; i-wireless, LLC Amended Petition for Designation as an Eligible Telecommunications Carrier; Amended Petition of Cricket Communications, Inc. for Designation as an Eligible Telecommunications Carrier*, WC Docket No. 09-197, Order, 27 FCC Rcd 6263 (2012).

ETC to relinquish its designation in any area served by more than one ETC.² Attached to this notice, AT&T provides lists by state and by wire center of ILEC ETCs providing service in Cricket's ETC service areas as well as lists by state of competitive ETCs, including Lifeline-only ETCs, that provide service in at least part of Cricket's ETC service area. To the best of AT&T's knowledge, no ETC will be required to purchase or construct facilities in order to provide service to Cricket's Lifeline customers post-relinquishment.³ In fact, post-relinquishment, Cricket will continue to provide service as a non-ETC throughout its former ETC service areas, offering competitive plans at a great value – for example, an unlimited talk and text plan for \$25 a month – to all consumers, including low-income consumers.

Next year, AT&T will sunset Cricket's CDMA network and migrate Cricket's remaining CDMA-based customers off of Cricket's CDMA network. AT&T expects the CDMA network shutdown will happen in almost all markets within 12 to 18 months of the closing of AT&T Inc.'s acquisition of Cricket, or between March 2015 and September 2015. The effective dates of Cricket's ETC relinquishments vary by market and are related to the CDMA network shutdown date in that particular market. For example, in the New York and D.C. markets, AT&T will cease retail service using Cricket's CDMA-based network in March 2015 and will turn down Cricket's CDMA network completely in April 2015. Consequently, AT&T is notifying the Commission that it is relinquishing its ETC designations in these two markets effective February 28, 2015. For reasons of administrative efficiency and to ensure an orderly migration of Cricket's CDMA-based customers, Cricket is staggering its relinquishment dates for the remaining states covered by this notice as follows: Virginia: April 30, 2015; and North

² 47 U.S.C. § 214(e)(4).

³ *Id.*

Carolina and Tennessee: June 30, 2015. To be clear, however, AT&T will continue providing Cricket's existing Lifeline customers service at the same rates "[a]s long as [the] Lifeline customer does not suspend or terminate his or her service for that Lifeline plan or choose to upgrade to a device or plan that is not comparable to his or her current Lifeline device or plan . . . until AT&T terminates consumer-based CDMA services."⁴ After the ETC relinquishment date, Cricket simply will not seek reimbursement for continuing to provide discounted service to affected customers in that market until one of the conditions noted above is met.

At the end of September, Cricket had about 40,000 Lifeline customers in the five ETC service areas covered by this notice.⁵ Cricket anticipates that these numbers will continue to decrease steadily as Cricket's Lifeline customers continue to voluntarily upgrade their devices, change their rate plans, and migrate to AT&T's GSM/LTE network. No later than 45 days before its ETC relinquishment date in a particular market, Cricket will notify its Lifeline customers in writing by U.S. mail that, as of the relinquishment effective date (e.g., February 28, 2015 in D.C. and New York), it will cease participating in the Lifeline program. The notice will inform these customers that if they desire to continue participating in the Lifeline program after the relinquishment effective date, they should contact another provider and the notice will include the names of other Lifeline providers offering service as well as the link to lifelinesupport.org, through which a consumer may obtain carrier-specific contact information.

⁴ *Applications of Cricket License Company, LLC et al., Leap Wireless International, Inc., and AT&T Inc. for Consent to Transfer Control of Authorizations, Application of Cricket License Company, LLC and Leap Licenseco Inc. for Consent to Assignment of Authorization*, Memorandum Opinion and Order, WT Docket No. 13-193, 29 FCC Rcd 2735, n.399 (2014) (quoting AT&T Jan. 3, 2014 Second Supplemental Response at 8).

⁵ Cricket has less than 3,000 Lifeline customers in D.C., less than 9,000 Lifeline customers in New York, about 11,000 Lifeline customers in North Carolina, about 16,500 Lifeline customers in Tennessee, and about 1,000 Lifeline customers in Virginia.

The notice also will inform customers that they will continue to receive discounted service until one of the conditions noted above is met (CDMA network shutdown, customer voluntarily upgrades his or her device, etc.). Additionally, Cricket will send affected customers several texts informing them of Cricket's low-cost offers and alternative Lifeline provider options. Cricket will not impose an early termination fee on any Lifeline customer who opts to leave Cricket in order to obtain discounted Lifeline service from another provider.

Finally, in order to avoid customer confusion and assist with a smooth transition process, AT&T informs the Commission that Cricket will stop enrolling new Lifeline customers within 90 days of its ETC relinquishment date in a particular market.⁶ This action will prevent a newly enrolled Lifeline customer on Cricket's CDMA network from having to change to another Lifeline provider shortly thereafter or having to change devices in order to migrate to AT&T's GSM/LTE network to receive non-Lifeline-discounted service from Cricket.

⁶ See *Telecommunications Carriers Eligible for Support, Federal-State Joint Board on Universal Service*, WC Docket No. 09-197, CC Docket No. 96-45, 27 FCC Rcd 14215 (WCB 2012) (approving Verizon Wireless's ETC relinquishment notice, which also informed the Commission that it would cease enrolling new Lifeline customers prior to its relinquishment date). See *Verizon Wireless and All Communications, LLC Notice of Relinquishment of Eligible Telecommunications Carrier Designations*, CC Docket No. 96-45, 8 & n.14 (filed Sept. 21, 2012) (citing *Application of Sprint Nextel Corporation to Relinquish Its Designation as an Eligible Telecommunications Carrier*, Texas PUC Docket No. 40543, Staff Memo at 2 (July 25, 2012) ("Ms. Kimberly Scardino, Deputy Division Chief, the FCC TAPD, stated in an email to Staff dated July 24, 2012, that Staff's requirement that no new Lifeline customers be enrolled in Sprint Nextel's Lifeline plan after the 90-day notices have been sent does not conflict with Federal ETC requirements.")).

For the reasons provided above, AT&T requests that the Commission promptly accept the relinquishment of Cricket's ETC designations in D.C. and New York effective February 28, 2015; in Virginia effective April 30, 2015; and in North Carolina and Tennessee effective June 30, 2015.

Respectfully Submitted,

/s/ Cathy Carpino
